

The Best Goods are Always Popular

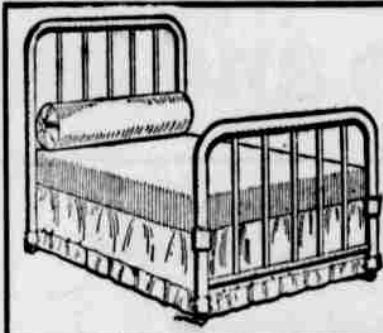

Whenever you find an article that has been and is the best seller on the market, you feel safe in buying it. No plow ever had such an extensive sale as the

The New Deere

There is profit as well as satisfaction in having a plow that is recognized as the best, because such a plow must in the end yield the greatest returns on the investment. No matter how long a plow lasts, you have just that long to regret the purchase of it if you don't like it.

Quick Detachable Shares

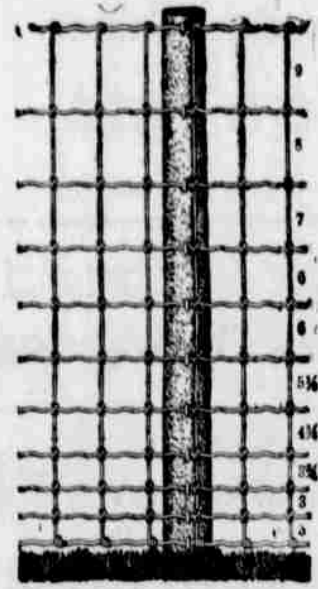

An epoch making improvement. From the standpoint of time saved and convenience and satisfaction, one will hardly be satisfied with the old laborious method of changing shares when he can buy the New Deere.

Don't overlook our new Furniture department. All new goods on display.

Fencing of all kinds

We can supply you with anything in this line.

WINEGAR & LORENCE, Monmouth

Activities of our Industrial Clubs

The Polk County Pig Club members are doing things. They are making the State Pig Club slogan "Better Hogs and More Profit" a reality.

The following letter was just received by State Pig Club Agent L. J. Allen of the O. A. C. Extension Service from Wendell Van Loan of Monmouth: "I am writing to tell you of my success. I have my father interested in my work and he said I could do better work if I had better pigs. So I sent for a pair of registered Chester White pigs. I will pay \$28.00 for the pair." Wendell purchased his pigs from Ed Schoel. The sow is from a Grand Champion sow and the male from a show sow. Mr. Schoel offers him a prize of a fine pig if he is successful.

Johnny Stump of Monmouth who won three blue ribbons over the breeders of the state at the State Fair last fall, a scholarship to the Oregon Agricultural College in the boys' contest and a pure bred sow in the boys' swine judging contest, will be in the work with his Berkshires again.

Hugh Bell of Rickreall has purchased a registered Duroc Jersey sow and is expecting a litter of pigs the fore part of April.

Frank Schrunk of Independence will be on hand with his fine Poland China sow, a prize given by R. W. Hogg of Salem in the boys' judging contest.

Kenneth Bursell of Monmouth purchased a registered Berkshire sow from Johnnie Stump for the work.

The purpose of the Pig Clubs is to teach the best methods of

feeding, managing, buying, marketing and judging of hogs. To teach the boys that they can grow a few hogs on waste and cheap seeds largely and to enable them to become the owners of a pig or a brood sow and to handle them so as to make a nice profit.

L. P. Gilmore is getting excellent results in the Monmouth Club through his influence as local leader. County School Superintendent Fred Crowley is co-operating in the work and is promoting it throughout the county. State Club Leader H. C. Seymour of the O. A. C. Extension Service is pleased with all lines of Club work in Polk County.

Harold Reynolds, Alfred Loy, Willie Mackie, Neal Moreland, Bruce Rogers, Gilbert Loy, Don Coppock, Ralph Farnham, Gerhard Rempel, Cyril Reynolds, Louie Trent, James Bower, J. T. Edwards, Dorsey Edwards, Claire Winegar, Albert Lamb, Russell Buckles, Andrew Huffman, Ralph Kesler and Alan Craven are other members enrolled so far from Polk County.

To Women Workers

To Members of Oregon Federation of Women's Clubs:

On June 4th our State will vote on the Good Roads bonding measure. Through united effort and systematic work our Federation can render a substantial service to the State by working for the adoption of this measure. The benefit of good roads to Oregon is conceded by every one, and now that a good working plan is submitted, let us assist through our state-wide organization in bringing the merits of this system before the individual voters of the State. I suggest the following ways through which

much efficient work may be done. Your local conditions may suggest additional ones.

1. The local papers may be used in giving publicity to the measure. They stand ready to help. Appoint some competent member to prepare suitable copy on the various phases of the measure for publication from week to week.

2. The Portland Sunday papers will be glad to publish articles, the copy to be in by Friday morning for the Sunday issue.

3. Affiliate with county organizations in the movement. If no such organization exists, help in forming one.

4. Arrange for public meetings for the discussion of the proposition.

5. Let each member inform herself on the measure and thus be ready to do efficient personal work with the voter.

If printed literature is available later, I shall make an effort to supply clubs with same.

Yours for Good Roads,
Chairman of Good Roads Committee.

Alberta Greene and Laura H. Kennon were registered at Hotel Portland, Portland, Oregon, last Monday.

Monmouth Heights

South Bros. of Independence were in this vicinity last Wednesday.

Clay Guthridge and wife and small son Will were in Monmouth Friday.

Mr. and Mrs. Lloyd Cody were traders in Monmouth one day of the past week.

Mr. and Mrs. F. A. Welch and son Fred, after spending a week at the Seid Beck hop yard at In-

Found A Watch

IT looks as if it belongs to a substantial citizen. It feels that way, too; it's smooth and solid and thin. It slips into your pocket like a silver dollar and lies there snug and fast.

It keeps good time. It's the kind of watch your friends check their time by—that always gets you to your train while it is still in the station.

I've been looking for this watch for years. I know my customers want a small, thin, accurate, 4-jewel watch; but until now the price of such a watch has been more than many of them cared to pay. That's why this new one is such a find. It is the "Waterbury Watch", a new Ingersoll, and the price is just about a third what you think it would be. It's three dollars.
