

The Best Goods are Always Popular

Whenever you find an article that has been and is the best seller on the market, you feel safe in buying it. No plow ever had such an extensive sale as the

The New Deere

There is profit as well as satisfaction in having a plow that is recognized as the best, because such a plow must in the end yield the greatest returns on the investment. No matter how long a plow lasts, you have just that long to regret the purchase of it if you don't like it.

Quick Detachable Shares

An epoch making improvement. From the standpoint of time saved and convenience and satisfaction, one will hardly be satisfied with the old laborious method of changing shares when he can buy the New Deere.

Don't overlook our new Furniture department. All new goods on display.

Fencing of all kinds

We can supply you with anything in this line.

WINEGAR & LORENCE, Monmouth

Miss Smith of Portland, representative of Miss Danforth of the Girl's Honor Guard and Miss Lila Dobell of Corvallis, were visitors at the Dobell home for the week end.

NOTICE TO CONTRACTORS STREET PAVING

Monmouth, Oregon, April 10th, 1917. Sealed bids will be received at the office of the city recorder of Monmouth, Oregon until 6 o'clock in the afternoon of May 1, 1917, for the furnishing of all materials and labor and construction of hard surface street paving, consisting of grading streets to sub-grade, building concrete curb lines thereon, constructing hard surface paving, all according to the plans and specifications thereof prepared by the Himes Engineering Co. of Dallas, Oregon, now on file in the recorder's office of Monmouth, Oregon, which plans and specifications are hereby referred to and made a part of this notice as to the general character and nature of said proposed work, and may be seen and examined at the office of said recorder or in the office of the Himes engineering Co. at Dallas, Oregon. Each bidder is required to state in his bid the price per cubic foot for said grading, per square foot for said paving and per lineal foot for said curb lines, and the total cost thereof, and bids may be submitted for separate parts of said work, viz: one for grading, one for paving; and one for curb lines, or one bid may include all of said proposed work.

That all bids must be accompanied with a certified check of 10 per cent of the total amount of such bid, subject to forfeiture if such bid is accepted and bidder fails to enter into a contract and give bonds for the faithful performance of said work according to terms of such bid and said plans and specifications.

That such bids will be opened and examined by the Common Council of said city of Monmouth on the 1st day of May, 1917, at 8 p. m. thereof, at the Council chambers in said city, and at the said time and place either accepted or rejected, or at such time as the common council may adjourn its said meeting. Said common council reserves the right to reject any or all bids.

By order of the common council.
R. B. SWENSON,
Recorder.

Bert Iverson and family have arrived from Portland and will be at home on the Dobell farm where Mr. Iverson will be overseer. Mrs. Dobell goes first to Corvallis and then will join her husband who has a position in Portland. The children will follow when school is out.

A. N. Poole signed a contract this week to build a \$2500 house on Joe Craven's property on Broad street, a fine addition to the residences of our city which is to be occupied by Mr. and Mrs. M. J. Butler.

Eddy Memorial

The memorial to Mary Baker Eddy, the Discoverer and Founder of Christian Science, erected in Mt. Auburn Cemetery, Cambridge, Mass., was on March 24, 1917, turned over to The Christian Science Board of Directors by Elbert S. Barlow of New York, who had charge of its construction. Over a year and a half has been required to complete it. Christian Scientists throughout the world have contributed, as expressions of sentiment, the entire cost of over \$150,000.

The memorial is of Bethel white granite and consists of an open circular colonnade of eight columns fifteen feet in height surmounted by a cornice and cresting. The space inside the colonnade is to be filled with growing flowers. The columns rest on a stylobate of three steps, which also rest, at one side, on a broad platform of Pompton pink granite and, at the other, which is about five feet lower, on a double flight of circular steps. These are flanked on each side by a large pylon. The pylons were exhibited a short time ago at the American Institute of Architecture in New York, and were pronounced by several experts to be the finest pieces of carved granite ever executed. The detail is elaborated to an extent never before attempted in granite; some of the stems and leaves are practically free-standing, so great is the relief.

Clark Hembree sold last week a large hog which sold for perhaps the highest price ever paid for a pig for butchering purposes in Oregon. The hog weighed nearly 750 pounds and sold for \$13.25 per cwt. in Portland and

brought over ninety-six dollars.

Ellis Fisher, late of Company L of Vancouver, is once more a plain citizen. In making out his papers at the time of enlistment, his actual age, 16, was given. A subordinate, not accustomed to regulations, gave the real age, 16, in making out the papers. It is the custom of the government to accept youth under 18 with their parent's consent, but then the registration must be made as 18. When Ellis' papers got to headquarters it was noticed that the age 16 was given and he was ordered discharged as under 18. He cannot re-enlist in Company L for there he is officially listed as not qualified. Neither can he enlist in any of the other companies of the state at present for their ranks are all filled.

Walter Boulden, a nephew of Thos. Boulden of this city, is here to visit his uncle and take in the sights of Oregon. The young man is from Gray Bull, Wyoming.

Ingersoll
ECLIPSE
Handy for the Pocket
Thin Model

WE have an Ingersoll watch for \$2.00 that is a mighty thin, neat-looking watch for men and boys. It slips into your trousers watch pocket as easily as a gold watch does. In a solid nickel case that won't turn brassy.
