Monmouth Meditations

Here is another thing in which Germany will lose out because of the war. Time was when all the lithographing stone used in the United States came from Bavaria. Now a quarry of this stone has been developed in Kentucky and another in Iowa.

One after another the states are following in the endorsement of the national prohibition amendment, the latest to assent to the project being Massachusetts. Massachusetts has developed industrially in the past two decades and such cities as Boston, Worcester, New Bedford, Lynn, Lowell, Fall River, Cambridge and Springfield are all over one hundred thousand in population. While the average state has not more than one or two cities in this class, the Bay State has eight. It means something when a state like Massachusetts gives its vote for a dry Union.

In another column appears the announcement of Judge Kirkpatrick for re-nomination. Since his appointment to office, the judge has made a good official. Alert and decisive he has been keenly alive to the privileges and requirements of his office.

While all the rest of Monmouth

has fallen for the hour earlier stunt, Mayor Ostien reports that his parrot will have none of it. The parrot sets his alarm clock by the sun and bids defiance to all governmental regulations.

The drive of the Von Hindenburg measles appears to have reached into every nook and corner of Monmouth during the past winter. All who have escaped, please hold up your hands.

Of course all young things must pass thru certain stages—The colt must kick up its heels in the pasture; the puppy must chew up, maul and destroy; the youth must have measles; but why anyone past the years of infancy should want to pick, steal and mutilate other people's flowers passes our comprehension.

Death of Mrs. Coleman

Mrs. Matilda Jane Coleman, who has been seriously ill for the past week, died at her home on West Main street at noon yesterday. Funeral services will be held in the Christian church Saturday at 2 p. m. Mrs. Coleman was born in Ohio March 2nd, 1842. She has been a resident of Oregon for forty years. She is survived by her brother, O. Works and by a sister, Mrs. Mary Ryan of Portland.

Polk county is to furnish 18 men for the army according to the latest draft made known Saturday. Men actively and assiduously engaged in the planting and cultivating of farm crops will be exempt from this quota. Multnomah county furnished 279 men, Marion 44, Clackamas 39, Lane 37, Umatilla 35.

Hasty Pudding—In making this remember the President's motto, "Be on Time". Use a brown bowl and do not egg-beater. Place egg, salt, two teaspoons of sugar in bowl. Add two cups of milk, use water if handier. Add barley flour which does not need to be sifted so saves some time. Beat for three turns of a minute glass. Put in oven and leave for at least five minutes. This is often made without lighting the fire, which makes the pudding a little less firm but more easily digested.

Miss Judge "This is a rare painting."

Eloise "Why rare?"

Miss J. "Because it isn't well done."

Senior "You ought to make some reduction on these doughnuts, look how big the holes are."

Baker "We'll give you a cent for all the holes you bring back."
