### It Shows Time in the Dark

**T**HIS is the new Ingersoll Waterbury—the stylish small-size watch—the jeweled watch—the sturdy watch.

Here you have it with the Radiolite dial. The hands and figures are made of a new self-luminous substance containing genuine radium. It glows brightly for at least ten years—probably much longer.

We'd call it about the best "buy" we have in our store. We'd like to show you.

road well known by all patients, and some visitors, as "over the wall." I told her I would be on hand at seven-thirty.

About seven-fifteen I sneaked my overcoat and cap out of the ward and hid it in the bushes. Then I told the nurse, a particular friend of mine, that I was going for a walk in the rose garden. She winked and I knew that everything was all right on her end.

**FOOD WILL WIN THE WAR**

Methods of thrift now enforced in the Army Quartermaster General's Office, including the repair of clothing and shoes, where possible, have cut down the issue of new clothing and shoes from 30 to 40 per cent in some instances.

The plants where the mending is done are run in connection with forts and camps by the Camp Quartermaster. When a soldier tears or rips a garment he turns it in to his supply officer. When the soles of his shoes wear out or the heels run down the shoes go back to the same officer. These garments and shoes are taken to the repair shops managed by the conservation and reclamation officer. When repaired in proper order, they are returned to the original owner if possible, and if the original owner can

not be located they serve some other soldier.

Hundreds of women are being employed by the War Department in the work of repairing the garments and in the laundries and can-tonments. Preference in this employment is given the wives, sisters and mothers of men in the service. By paying \$1 a month a soldier is entitled to a weekly bundle of laundry in which the number of articles is not limited. The women mend and repair all garments before they are laundered.

Miss Taylor spent the week end in Eugene, the guest of Mr. and Mrs. M. S. Pittman. It was Miss Taylor's first visit to the university city and she was much pleased with the appearance of the city. She met many former Normal students; in fact a large percentage of the summer school attendance at the university are graduates of the Normal. When the girls heard of the "canteen" plan they were immediately interested and volunteered to raise a fund to further the project among the alumni of the school.

To the people of Polk County:— This is to inform you that I have arrived in Polk county to take up my duties as your Home Demonstration Agent. It will be a great pleasure to work with the people of this county and I already feel that I have your co-operation. I want to assist you in any way possible and want you to feel free to call upon me.

Should you wish to arrange for canning, drying or salting demonstrations, or some other subject, write to me or call me by telephone. My office is just north of the court house in Dallas and my telephone No. 1093. Do not hesitate to call upon me and make your wants known. Edna L. Mills, County Home Demonstration Agent.

Mrs. George Boothby acted as installing officer for the evening.

The story of the person who leaves a quiet life and starts off in quest of happiness, only after a world wide search to find that which he seeks at home, has been told in a hundred different ways, but in none more charmingly than in the tale that forms the thread of the "Blue Bird" by Maeterlinck. The pictured interpretation of this classic is in every way appropriate to the story. Its presentation at the Normal Wednesday evening charmed a large audience. It was a high class film.

 Part IV—Descriptive of the death of the Lady of Shalott  
 Part V—Descriptive of the discovery of the Lady of Shalott by Sir Launcelot—Prayer for the Lady of Shalott by Sir Launcelot and the knights of Camelot

**ARGUMENT**

**T**HE fairy lady of Shalott dwells on a lonely island. She is under a spell. While she weaves all day long she may only look towards Camelot through her mirror. One day she sees reflected there a wonderful knight, Sir Launcelot. She falls in love with the vision and leaves her mirror and weaving. The threatened "curse" comes upon her and she dies while floating down the river in a boat towards Camelot. Sir Launcelot finds her and the knights of Camelot impressed with her loveliness sadly sing a tribute to her in a beautiful prayer.

for some people to bear in mind that I am now in the army, I have no desire to teach any further and therefore have no future career to be careful of, there is no one person dependent upon me in any way, there is no person to whom it makes any difference what I do, therefore I am in a position to go the limit if any more rough stuff is pulled off. The limit I can reach if forced to defend myself from any further attacks will be a limit sufficiently high to fully accomplish its purpose. I wish to thank most heartily and

sincerely my good friends among the townspeople and the students for the confidence they have expressed in me and for their refusal to believe the many cruel and cowardly things that have been said. I can say now, and in a very few weeks prove conclusively, that this confidence in my integrity has not been misplaced. Thanking you for the space used and apologizing for having troubled you at all, I am,  
 Very truly yours,  
 William H. Burton.

## Federal Reserve Membership

THIS is a feature of First National Bank operation in which customers—as well as bank—are vitally interested. By being a Member of the Federal Reserve System, we are not only helping to mobilize the resources of the Nation—but are enabled to keep our own assets in better shape to co-operate in the legitimate needs of industrial and community development.

Let us demonstrate why this bank should be YOUR bank.
