AMERICAN CEREAL CO.

MINNEAPOLIS, MINN.

The following are named as delegates to the Labor Reconstruction Convention to be held in Portland, Thursday, Friday and Saturday of this week: O. A. Wolverton, J. H. Ackerman, Ira C. Powell, G. T. Boothby and G. W. Chesebro.

It had been planned to have the executive officer of the Rebekahs here for the annual installation of officers, but because of influenza conditions it was not deemed wise to have the official here at present. The lady, Mrs. Jeanie Burke, president of the Rebekah assembly of Oregon will visit the local lodge on some other occasion.

Miss Dunham had to give up her work with the third and fourth grades Wednesday because of sickness and her grades were dismissed for the day. It was feared at first that she had the influenza but it turned out to be nothing but a cold. Miss Dunham was all right Thursday and work in her grade will be resumed Monday.

It is reported that the newspaper fraternity of Independence is now one family, the two papers of that city having joined forces. The consolidation is like that of the two serpents, one of which swallowed the other. The swallower is the Enterprise and the swallowee is the Post. The consummation of the act presents a brighter prospect for the newspaper business in that city.

WHAT THE KIDNEYS DO

Their Unceasing Work Keeps Us Strong and Healthy

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—which vary widely but may include pain in the back, headache, nervousness, hot, dry skin, rheumatic pains, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right the danger is overcome. Doan's Kidney Pills have proven an effective kidney medicine.

W. W. Manter, retired farmer, S. Thirteenth & Jefferson Sts., Corvallis, Ore., says: "It has been a good many years since I have had occasion to take a kidney medicine. From past experience I can recommend Doan's Kidney Pills as being a reliable medicine for kidney trouble. I have found them to be all that's claimed of them when I was troubled by my kidneys."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Manter had. Foster-Millburn Co., Mfgs., Buffalo, N. Y.

The Retort Courteous

We, of the Junior class, wish to apologize for not having mentioned the Seniors in our class "advertisement," for we did not realize that there existed such genius in the school. Surely "necessity is the mother of invention." Our only regret is that the timidity of the Seniors has kept them in the background so they were unable to display their "pep" and executive ability. Truly our Senior class is a brilliant one!

We had no idea that the "Solons" would stoop to read the writings of our "enterprising young authors." But it seems that the dignified Seniors have come down from their lofty perch and were offended by the innocent prattle of the Juniors. Still we must be in the wrong, for our Senior class is a brilliant one!

Why then did they even notice our "advertisement?" No other answer could be given to them with justice than this: They consider us their equals if not their superiors.

Altho we reverence the Seniors and are sad to know that we must part—but right about face! The Juniors line is still intact, if the Seniors have anything in reserve speak now or forever hold your peace.

M. M. Jones has been quite sick this week.

On January 10 and continuing to February 10, the Portland Telegram will accept a bargain rate for subscriptions of \$3.75 for a year and during the same interval the Monmouth Herald will make a clubbing rate with the Telegram offering the Telegram and the Herald, both one year for \$5.00. The Telegram has made important strides in circulation and influence during the war because of the fact that it carries Associated Press dispatches. Here is a chance to get the Telegram and the Herald at bargain prices.

The coffee substitute business has grown to such proportions in this country that it is seriously alarming American coffee roasters, as well as coffee growers in the countries supplying the United States. The National Coffee Roasters' Association has arranged for an extensive publicity campaign, as an effort to counteract coffee substitutes and save some of the trade for coffee. When a substitute as good and satisfactory as "Coffetone" breaks into the market, it is doubtful if publicity can stem the tide that is flowing from coffee towards such a substitute.—adv.
