Local Brevities

The meeting of the Red Cross, Monmouth Branch, which was postponed because of the flu, will be held Tuesday afternoon, May 20. The annual business session will be held at 8:30 p. m.

Ben Pollan and Grover Hinkle, back from overseas with Uncle Sam's army, arrived in Monmouth this week and have been busy detailing their experiences to inquiring friends.

J. C. Stombaugh, who is with the army at Camp Lewis, is in Monmouth enjoying a two week's furlough. Mrs. Stombaugh who was sick with the flu is about again.

Mrs. Hager who advertised small chickens for sale last week sold them promptly to Gordon Bowman of American Bottoms. If Gordon had not acted immediately he would not have got them for several other people appeared during the week eager to buy the chicks.

Twice J. S. Prime and family made preparations for starting on their eastern trip and each time some member of the family was taken down with the flu and the trip had to be postponed. The first time one of the children was taken sick and the second time they had the lunch packed and the time set when Mrs. Prime came down. Both were light cases and relying on the saying that there is luck in odd numbers they made preparations a third time. The third time was successful and the family left Tuesday by direct route for Edison, Nebraska, which will be their headquarters for the next two months or until they get ready to return. They expect to come back over the southern route.

Mrs. Boche arrived Friday from her winter's visit with her son Philip Boche at Lakeview. Mrs. Boche, who formerly lived in the Lake county city says it has grown beyond recognition in the interval of her absence. There are three ways of reaching the city, each a little worse than the other. One may go by stage from Bend, or by the same transportation means from Klamath Falls. There is also a narrow gauge railroad that comes up from Reno, Nevada. It is on the dwarf trains of this road that most of the equipment of civilization has come that has made Lakeview a town of 2500 people.

The Social Hour Club will meet at the home of Mrs. O. Butler on Wednesday, May 21st to exchange books.

Dwight Slade of Canton, S. D., was the guest of his friend, J. W. Pember in a trip through the valley last week. This section never looks nicer than at this time of the year when it is a world beater, and Mr. Slade, after so shortly leaving the cold and snow of South Dakota, found the change so startling that he was quite enthusiastic over our prospects and may return to settle here.

The population of Monmouth received another setback Saturday when Miss Millie Clark was married to Luther Hall and left with her husband for Mount Solo, Washington, where they will reside. The marriage ceremony was performed in Dallas.

H. K. Sickafosse has been spending his vacation working for Wm. Riddell, Jr.

A tractor that will fit your farm—the Fordson

YOU can make your farm produce more—at less cost—and with less effort on your part—by using the Fordson tractor. Not only will it help you prepare your land and cultivate the crops, but it furnishes power for many other farm jobs.

The Fordson tractor is the result of long study of farming conditions and it has proved a success. Burns kerosene—easy to operate and care for—practically trouble-proof.

There's an Oliver No. 7 Plow for your Fordson

Just as the Fordson tractor gives ideal power, the Oliver plow means ideal plowing. It is scientifically designed for tractor service—and is backed by a half century of experience in making plows. It buries all trash and weeds at the bottom of the furrow—maintains an even depth of furrow—and is controlled from the tractor seat.

Come in and let us show you this remarkable farm team.

CHAMBERLAIN'S TABLETS

THIS is just what you need, madam. Many women who were troubled with indigestion, a sallow, muddy skin, indicating biliousness and habitual constipation, have been permanently cured by the use of Chamberlain's Tablets. Before using these tablets they felt miserable and despondent. Now they are cheerful and happy and relish their meals. Try them. They only cost a quarter.

Chamberlain's Tablets

Sum of Monmouth were on the rights one day last week. George Heck purchased a new Overland auto of Graham & Son of Monmouth recently. Mr. and Mrs. Ed Rogers spent Saturday and Sunday at Alsea. L. D. Hamar was in Monmouth Saturday. George Heck and family were shoppers in Salem Saturday. E. L. Comstock and daughter Alice of Monmouth were out to their farm here Saturday afternoon. Ed Riddell left for Texas Saturday to visit his brother Lealie. Mrs. J. D. Holman is visiting her daughter Marjorie at Wasco, Sherman county. Clarence Bruce and family of Falls City spent Sunday with George Swearingen and family.

The Highway Arrives

An array of graders, a delegation of workmen and sixteen large mules appeared in Monmouth last Friday and immediately began to perfect plans for the firing of the opening gun in the construction of the Pacific highway in this vicinity. A tent was put up on a vacant lot alongside the garage and the mules after being shod all around by W. W. Newman and Ira Williams, were housed in the Monmouth Transfer barns.

Ed J. McCall is the local superintendent at present and under his direction, work started promptly Saturday morning on the widening of the grade just north of the city limits. A similar gang is located at Independence.

Mr. and Mrs. Philip Wagner of Estacada, Oregon, arrived Thursday by auto for visit at the T. J. Edwards home. Mrs. Neal accompanied them from Turner. Mr. Wagner is an uncle of Mrs. Edwards and a brother of Mrs. Neal. The party also visited at John Palmer's in the Luckiamute vicinity. They returned home Sunday.

Mr. and Mrs. T. J. Edwards are improving their place with a gravity water system. They will build a concrete reservoir of approximately 4,000 gallons capacity on the hill just back of the house. From here the water will be piped into the house and other farm building and yards. Besides the windmill already in use, a new engine will be installed which will insure adequate pumping facilities at all times. A concrete dipping vat will also be built on the place this summer.

With the completion of these improvements and the alterations now being made on the house, the Edwards place will be one of the finest farm homes in the valley.

Irvine Grund returned last Wednesday from Camp Lewis where he received his honorable discharge. All his friends and especially the Rogers family are very happy to have him back again.

The Woman's Home Companion—American Club, 1 year for only \$3.00 Mrs. E. R. Ostrom, Magazine Specialist.

WANTED—To list a few dairy farms and prune orchards. Joe Shaw, Dallas, Oregon.

The Monmouth Cooperative Shipping Association will save farmer's money in the sale of live stock. Ship with us and cut out middleman's profit. If you have stock to ship notify G. T. Boothby, Mgr. tf
