

Fisk Tires Going Onto More Cars Every Day

CONDITIONS these days—the larger demands on everybody's purse—are leading motorists everywhere to look more closely into the actual value of automobile tires.

We see it every day. See it in the steadily increasing demand for Fisk Tires.

Fisk Tires give certain very definite features that more and more motorists have come to look for—greater uninterrupted tire mileage, longer life, greater safety under all driving conditions.

As an enlightened motorist you want your tire expense cut down to where it really belongs. Next time—Buy Fisk.

Buy Your Fordson Tractor NOW

You Can Use it Throughout the Summer

We will be unable to supply the demand for Fordsons this coming fall.

While there will be thousands of Fordson tractors made, still there will be some farm owners who want Fordsons and will delay their orders so long it will be impossible to supply them.

Make sure of getting your Fordson. Order it now. Start it to work for you right away.

There are sufficient drawbar and belt jobs on your farm to be done between now and fall to keep the Fordson busy earning money for you, throughout the summer.

And when fall comes you will have your Fordson ready for the first fall job. You will be familiar with its operation, so that you will get 100 percent results throughout the year.

Pulls Two 14-inch Plows Operates on Cheap Kerosene Runs Your Belt Machines

The Fordson will pull two 14-inch bottoms in the stiffest soils and still have enough reserve over for the peak loads.

The Fordson operates successfully, economically, on cheap kerosene. No raw fuel going through the exhaust---none passing down through the piston rings into the crankcase.

And its 22 H. P. in the belt make it capable of running your grain separator, your corn husker, your huller, your silo filler, hay bailer; in short, it supplies a steady, economical dependable power, for your belt jobs within its rating.
