

Great Stock Reducing Shoe Sale

On Friday and Saturday, August 1st and 2nd

We want to cut down our immense shoe stock before we take our Semi-Annual inventory early in August.

Regardless of the fact that shoe prices are soaring (some lines have advanced 50 per cent since January 1st this year) and bid fair to continue rising, we are so anxious to reduce our stock to its very lowest point before invoicing that we are willing to make some **REAL CONCESSIONS ON SHOES**

OH-H-H! THE FIRST FALL HAT!!

The first fall hat! That is the most important idea in every woman's head just now and her dreams are a medley of velvet, ostrich, silk, and flowers. Any woman would

promptly describe as "a love of a hat" this graceful broad-brimmed picture hat of black panne velvet with its two sweeping plumes of uncurled ostrich in Foch blue.

Glee Club Operettas Greatly Enjoyed

The annual concert of the Glee Club of the Oregon Normal School diverged a little this year from the usual practice and presented a program which might readily be staged with the equipment of the average teacher. Two musical sketches, in both of which the idea of comedy predominated, were presented—The Western Girl and The Toy Shop. Both gave the girls an opportunity to display their talents in singing and acting as well as dancing and both were nicely costumed and staged.

Many of the specialties made hits with the audience, particularly the "Faculty Song" in which compliments were paid to the instructors.

A community sing was led by Miss Schuette, accompanied by the orchestra, during the interval of change from one operetta to the other, and was enjoyed by all. At the close of the evening program a fine basket of flowers was presented to Miss Schuette by the students.

Fine Fishing at Yachats

Yachats, Oregon.

I thought we would write you a letter and if you had room in the Monmouth Herald you could put it in so our many friends there could read it and maybe it would interest some of them at least.

The first day from home, the 10th of July, found us at the foot of Alsea mountain. We stayed there over Sunday and Monday started for Yachats. We found the roads good for mountain roads with some narrow grades. We arrived here at noon the 15th of July. It has been very cold with a cold north wind and not many fish, but we ate just one meal without fish. Today the 25th is warm with bright sunshine and how the fish do bite. Most every one fishes with two hooks on the line and would pull in two at a time as fast as they could take them off. Most every one went to camp with a string of fish a yard and a half of fish on the string. In the morning we are going for clams, the razor back clams. The fish were tom cod, white, kelp and rock cod. Wish you and wife were here to enjoy the fishing too.

Mr. and Mrs. Bennett are with us. We expect to stay here some time yet.
