BE PREPARED FOR THE CHILDREN

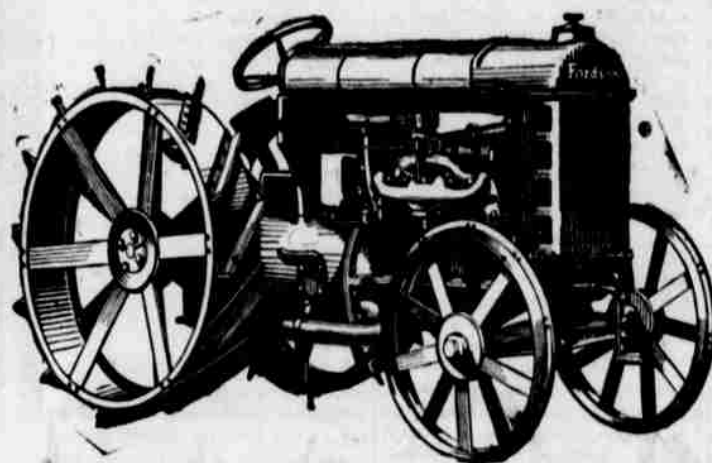

Children are born without shoes, but with a genius for wearing them out. So the hardest thing to find is a shoe that will withstand the wear and tear that the healthy youngster gives. Good shoes for them must have about the best balance of good leather and good shoe making that can be averaged in any line of shoes.

Our shoes are made of solid leather and moulded to give the feet plenty of room for comfort and growth.

Come in and let us show you the difference in children's shoes.

The Fall Demand for Fordsons Has Swept Far Past the Supply

Word has come from the factory that Fordsons will go only to those sections forwarding signed orders.

Oregon's Fordsons will not come unless signed orders go after them.

We are doing our share, the factory is telegraphed daily of Fordson orders received.

We cannot get our allotment unless we act at once. Plenty of sections are after our portion.

You know the Fordson and Fordson economy.

You know the Fordson's efficiency and it's endurance.

You know the Fordson company and its insistence that parts and repair service be within your easy reach.

Throughout Oregon, hundreds are ordering their Fordsons NOW.

THINK - Act at once. Some will be disappointed.

IT NEED NOT BE YOU.

Gladly will we give you full details.
