Local News

Mrs. A. Bookey and Mrs. C. R. Bookey and sons visited Monmouth the first of the week.

T. J. Peary has been under the weather the last week.

Dr. Thompson has purchased, and will operate during 1920, one of the latest and most scientific instruments known to optical science, which assures his patrons of absolutely correct glasses. This brings his standard of examination up to "second to none" in the state. Don't fail to have Dr. Thompson demonstrate, and examine your eyes, with this wonderful instrument. Next visit Wednesday, January 21. Local Hotel all day.

At the County Fair Association meeting held in Dallas on Saturday, January 10, P. O. Powell was elected president for the ensuing year and W. J. Stockholm, a director. The time for the fair was placed after the state fair, as the same plan last year gave general satisfaction.

Miss Marion Sloop, a teacher in Coos county and a former Normal student, visited with her sister Ethel at the Normal last week.

W. J. Stockholm was elected manager of the Co-operative shippers association at a meeting last week, succeeding G. T. Boothby who declined to keep up the work.

C. A. Nott, creamery cream gatherer, is driving a new truck, a Ford truck, to replace the old one which has long since shown the effect of its two years of hard work. The new truck has pneumatic tires, a more convenient body and a better seat and cover than the old machine possessed.

Miss Barbara Steinberg, who has a fine position in the Portland Post office, spent the week end at the home of her father, W. H. Steinberg. Miss Steinberg has charge of the War Savings Stamps at the Central Station Post Office and has sold over \$100,000 worth in the last several months. She says that there is now a marked increase in the sale of the stamps.

Mr. McCann of Dallas is taking the place of I. T. Fream as section boss while the latter is taking a rest from active work.

At the recent state teachers' convention in Portland, Miss Arbutnot of the Independence schools was elected secretary of the Oregon Council of Geography teachers. L. P. Gilmore of the Normal Science department was appointed by Supt. Churchill as chairman of a committee to rewrite the course in geography for the schools of the state. Mr. Gilmore invites criticisms and suggestions from the laymen on this topic. Any on who has bright

and original ideas concerning geography instruction should not fail to lay the same before Mr. G.

Miss Beatrice Springsteen and Fred Boydston were married in Dallas New Year's day and left for Southern California on a honeymoon trip.

Mrs. George Ball died at her home at Ballston, December 30.

U. S. Grant, better known as General Grant is now mayor of Dallas. He succeeds August Risser who resigned because of the pressure of private duties.

A. N. Halleck buys junk of all kinds and pays highest cash prices.

Kompany K Kolyum

We have observed that one of our newest recruits is wearing his overcoat for other than military purposes and believe us, it is fortunate for him that our Captain lives out of town for chances are we would have the privilege of witnessing a court marshal in the near future at his expense, if he had been seen by the above mentioned gentleman. The Captain distinctly told the company that clothing or any of the equipment was not to be worn other than for military purposes under a penalty of recommendation for court marshal.

It seems that members of the company and officers are working a hardship on the reporter of this column by their absence of news items and we wish they would get busy hereafter.

Co. Dentler of the U. S. Army and Adjutant General Staffin inspected Co. K last Thursday night in the annual inspection and the Company stood it well. A dinner was given the inspecting officers before the inspection began.

The men were instructed at Tuesdays non com school to fasten their shirt collars all the same way. For further particulars, report to Serg. Dickson.

Cook Cox has sold out his share of "The Palace" to J. B. Violette and we presume he will now devote more time in doping out fancy dishes for our weekly feeds.

Sergeant Dickson announces that Company K will stage another smoker in about two weeks in an effort to redeem itself in the eyes of the dear public. This he means to do by putting on a good card at reduced prices. The last smoker was not a success from the financial point from all reports.

The non com officer's training school is proving to be a great success and the attendance is increasing each week. We observe a few privates in attendance also. One of our most efficient corporals, we are informed, is putting in every spare minute in studying military tactics which ought to send him up the line in jig time. This no doubt will be an incentive to others to follow in his footsteps. His name will not be published.

Company K has a new basket ball but aside from that nothing can be said on this subject.

about K. P. duty. The room in the rear of the Independence National Bank, formerly used by the company is badly in need of cleaning.

Co. K has several new members and many more are expected. The new equipment is fine.

Dated and first published January 2nd, 1920.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials. F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, etc. Hall's Family Pills for constipation.
