DOULTRY NOTES

Keep the house and yard clean.
Give a heavier feed of grain in the evening.
Keep poultry free from lice and the house free from mites.
Feed grain in straw or other litter to make the hens scratch for it.
Grow green crops in the poultry yards if they are not in permanent sod.
If you have had little or no experience in poultry keeping, start in a small way. Then increase as your experience and success warrant.
Don't let roosters run with the hens after the breeding season is over. The hens will lay just as well and the eggs will be infertile and will keep better.
