INCOME TAX RETURNS DUE

Business Men, Farmers and Wage
Workers Must File Schedules
of Income for 1919.

MARCH 15 LAST FILING DATE.

Net Income of \$1,000 or Over, if Sin-
gle; or \$2,000 or Over if Married,
Must Be Reported.

The Income Tax imposed by Act
of Congress on earnings of the year
1919 is now being collected.

Returns under oath must be made
on or before March 15 by every citi-
zen and resident who had a net in-
come for 1919 amounting to:

\$1,000 or over, if single; or if mar-
ried and living apart from wife (or
husband); or if widowed or divorced.
\$2,000 or over, if married and living
with wife (or husband).

The status of the person on the last
day of the year fixes the status for
the year with respect to the above
requirements.

Under any of these circumstances a
return must be made, even though
no tax is due.

Husband and wife must consider
the income of both, plus that of de-
pendent minor children, in meeting
this requirement; and, if sufficient to
require a return, all items must be
shown in a joint return or in separate
returns of husband and wife.

A single person with minor depen-
dents must include the income of such
dependents.

A minor who has a net income of
\$1,000 or more is not considered a
dependent, and must file a separate
return.

Personal returns should be made on
Form 1040A, unless the net income
exceeded \$5,000, in which case Form
1040 should be used.

Residents of Oregon should file
their returns with, and make payments
of Income Tax to, Milton A. Miller,
Collector of Internal Revenue, Port-
land, Ore.

How to Figure Income.

The best way to find out whether
one must file a return is to get a Form
1040A and follow the instructions
printed on it. That form will serve as
a reminder of every item of income,
and if a return is due it tells how to
prepare and file it.

If in doubt on any point as to income
or deductions, a person may secure free
advice and aid from the nearest Internal
Revenue office.

Guesswork, estimates and other lit-
er-miss methods are barred when a per-
son is making out his Income Tax re-
turn. Accuracy and completeness must
be insisted upon. The return is a
sworn statement. As such it must be
thorough and accurate.

Salaries and wages earners
must ascertain the actual compensation
received. Overtime, bonuses, shares in
the profits of a business, value of quar-
ters and board furnished by the em-
ployer and other items which are com-
pensations for services must be in-
cluded.

It must be borne in mind that com-
pensation may be paid in other forms
than in cash. A bonus paid in Liberty
Bonds is taxable at the market value
of the bonds. A note received in pay-
ment for services is taxable income at
its face value, and the interest upon
it is also taxable.

Other Returns Due.

Every partnership doing business in
the United States must file a return
on Form 1065; and every personal

service corporation must file a similar
return.

Corporations must file annual re-
turns on Form 1120.

Trustees, executors, administrators
and others acting in a fiduciary capac-
ity are required to file returns. In
some cases, Form 1041 is used; in
others, Form 1040; and still others,
returns on both forms are required.

Information returns, on Forms 1099
and 1098, must be filed by every or-
ganization, firm or person who paid,
during 1919, an amount of \$1,000 in
salary, wages, interest, rent, or other
fixed or determinable income to an-
other person, partnership, personal
service corporation or fiduciary. These
information returns should be for-
warded directly to the Commissioner
of Internal Revenue (sorting division),
Washington, D. C.

Penalties for Delay and Failure
to Make Returns—Early
Compliance Urged.

All income tax returns covering the
year 1919 must be filed by Monday,
March 15. Each taxable return must
be accompanied by check or money or-
der for the full amount or at least one-
quarter of the amount of tax due.

Cash payments are accepted only at
the collector's main office; if sent by
mail, they are at the sender's risk.

Residents of Oregon should file
their returns with, and make payments
of Income Tax to, Milton A. Miller,
Collector of Internal Revenue, Port-
land, Ore.

Those who must file returns but
have not done so are warned that the
revenue law imposes heavy penalties
for failure to get returns in on time or
to make payments on time.

Early filing and early payments are
urged, in order to relieve the internal
revenue offices as much as possible of
an overload on the final day, March 15.

Farming Is a Business

And like every business, it requires forms,
records and blanks that give you the facts
about your farm, just as a business man
has them about his business.

We print forms and letterheads (every
business farmer should have his own letter-
head) on Hammermill Bond, the Utility
Business Paper.

Women Give Out

Housework is hard enough when
healthy. Every woman who is hav-
ing backache, blue and nervous
spells, dizzy headaches and kidney
or bladder troubles, should be glad
to heed this Albany woman's expe-
rience:

Mrs. J. R. Stewart, 4th & Jack-
son St., Albany, Oregon, says: "I
have been taking Doan's Kidney
Pills for the past two years and
have found them to be an excellent
remedy for kidney and bladder
trouble. Before I knew of Doan's
I suffered a great deal with my
back. At times it ached so across
my back and kidneys, I couldn't
rest day or night. In the morning
was weak and tired and it was all
I could do to drag myself around.
My kidneys acted irregularly, too.
Different remedies I tried gave me
no relief until I started taking
Doan's Kidney Pills. The first box
or two gave me relief. I continued
taking Doan's for a couple of
months and they brought me out
of my trouble in fine shape. Since
then when I notice my kidneys are
not acting as they should, I take a
few Doan's and they never fail to
remedy the trouble."

SPEAKING OF BUREAUS

TRAMP, TRAMP, TRAMP OF FEET GIVES WAY TO THE SILO-PACKER

Packing sil-
age has long
been a problem
of the farmer.
But it bids fair
to be eliminat-
ed as American
farmers have at
last produced a
machine for the
work. The ma-
chine, as shown
in the photo, is a
device of plural-
ity of rollers,
propelled by
gasoline motor,
is so construct-
ed that it can
be easily disman-
tled for re-
moval when the
silage is full.
The rate is
controlled by
lever and ad-
justable to any
spreading. The
machine was
invented by two
farmers living
near Knoxville,
Tenn.
