A modest burglary was perpetrated on the Miller Mercantile store last Thursday night. Entrance was effected by smashing one of the side windows at the front door in the Steele part of the building but previously the burglars had in an amateurish way tried to gain entrance at the back door and at the front door on the bank side of the store. The burglars tried the safe but although a tag with the combination was attached to the handle they failed to get in. In the front of the store they ate some walnuts and bananas and departed, these apparently being the booty they obtained. All indications point to talent not very far away.

How is this for a price? A 3x7 ft. window shade for 70 cts. Moore & Walker, Independence.

A silver spoon, stolen with the Kilen silver, was found in the woodshed at the rear of the bank one day this week, the supposition being the burglars stopped to look over the booty in the safety of the woodshed and perhaps divide it. So far, nothing else stolen on this occasion has been regained.
