### Mr. B. Wise Says: Why Don't You Sleep at Night

"See p. O Gentle Sleep—  
Nature's Soft Nurse, how  
have I  
Frightened Thee,  
That thou no more wilt weight  
my eyelids down,  
And steep my senses in forgetfulness."

### Nature

Has provided sleep, that great  
balm to hurt minds—sleep that  
knits together the nerves for another  
day's arduous duties.

### But

Many cannot sleep.

### Sleeplessness

Or insomnia, is one of the prominent  
symptoms of eye strain.

### There

Is danger that it will lead to  
other disorders.

### Glasses

Carefully fitted to the needs of  
the eye, will go often soothe the  
nerves and make sleep possible to  
the sleepless.

## It's a Swell Job

for a man to try and fix his own  
plumbing. He stands about as  
much chance of succeeding as he  
would of crossing the ocean in a  
tub. Don't try to be your own  
plumber. The minute anything  
goes wrong send for us and save  
yourselves a lot of time, trouble,  
temper and money.

### Two Good Companies

Following the earthquake and fire that fourteen years ago destroyed San Francisco with a \$50 million dollar property damage, the "London" paid \$7,000,000 losses—an amount greater than that paid by any other Company operating under a single name, in this or any other Conflagration. This Record stands without a parallel in the history of Insurance.

On April 1, 1907, after settlement of its San Francisco conflagration losses, the Fireman's Fund Insurance Company was rehabilitated with gross assets of \$5,300,000, reserve \$2,700,000, net surplus \$550,000, an policyholders' surplus \$2,150,000. On April 1, 1920 with the increase in capital stock fully paid, the company has gross assets of \$22,500,000, reserve \$10,000,000, net surplus \$5,000,000, and policyholders' surplus \$9,000,000.

If—

An Oregon family of four had \$100 a month to get along on in 1913, but had grown into a family of ten with only \$45 a month income in 1920, how in the world would it live?

### That is the Case With

The State University, the Agricultural College, and the Oregon Normal. In 1913 they had 2250 students; now they have 5400. And \$1 in 1913 is only as good as 45 cents today, in purchasing power.

### If You Yourself Were Responsible

could you carry on the work of the College, University and Normal on the same state support as in 1913?

### You Could Not

Neither can the State University, the Agricultural College, and the Normal School do it. Will you not help these three institutions to continue their useful and productive work for Oregon by voting on May 21 for the Higher Educational relief measure?
