Biliousness

WHEN you have a bilious attack your liver fails to perform its functions. You become constipated. The food you eat ferments in your stomach instead of digesting. This inflames the stomach and causes nausea, vomiting and a terrible headache. Take Chamberlain's Tablets. They will clean up your liver, clean out your stomach and you will soon be as well as ever. There is nothing better.

MERRYMAKERS

The Merry-makers come to Chautauqua for the sole purpose of amusing and entertaining their hearers, and since that is their object, they do the things which their past experience has shown to be most acceptable to the great American Chautauqua public. Their time before you is packed full of fun and frolic—they sing solos and duets, they give pianologues and impersonations, they read and they imitate. Their versatility is a delight, and when they have left you, it will be with a feeling of regret on your part, because they are such truly talented and charming girls. Their task of prelude Dr. Gray both afternoon and evening on the second day of your Chautauqua.

Home Afire, Woman Climbs Down Tree

Pueblo, Colo.—Mrs. Grace Meadows always did think the Father of His Country committed a grave wrong when he cut down the cherry tree with his little ax.

"So I let the one in my yard grow," she said, after the cherry tree served as a fire escape when a blaze in her home cut off her escape by the stairway.

Mrs. Meadows' cherry tree was tall enough to reach a second story window.

Oregon has 16,000,000 acres of tillable land now unutilized. Oregon produced 20,400,000 bushels of wheat in 1919.

If Oregon's 16,000,000 acres of tillable but unutilized land were planted in wheat and the yield were the Oregon average for ten years—21.9 bushels per acre—new production would be 350,400,000 bushels which, at the price today of \$3 per bushel, would mean a cash value of \$1,051,200,000.

The Oregon State Chamber of Commerce expects to double the number of farmers in three years. If this means double the wheat crop, it will mean an additional yield of 20,400,000 bushels of wheat, which at the prevailing price would mean a cash value in new money of \$61,200,000.

A carload of 27 heavy draft horses was shipped out of Albany by express billed to Coeur d'Alene, Idaho. The expressage amounted to almost \$500, but the shippers estimated that, considering the feed bill and time lost, it would cost almost as much to send the horses by freight.

Certificates of nomination affecting all successful candidates of the republican and democratic parties at the recent primary election were mailed Saturday by Sam Koser, secretary of state. In case where a candidate of one party was defeated, but received the nomination of another party, he will not receive a certificate. The so-called compromise regarding the framing of the Roosevelt bird refuge measure, to be submitted to the voters of Oregon at the November election, is very unsatisfactory, according to Percy Cupper, state engineer. The original bill he says, caused a storm of protest and a conference was called in Portland for the purpose of reaching some agreement among the persons interested in the bird refuge and the irrigators adjacent to Malheur lake. Nothing was accomplished at this conference, according to Mr. Cupper, and the measure as revamped is not satisfactory. Mr. Cupper contends that Oregon owns too much land at the present time and that the establishment of more reserves will have a tendency to increase taxes without gaining for the taxpayers corresponding benefits.

CONNIE'S KELLY HAS PASSED AWAY

The last notable landmark of the famous Philadelphia Athletic championship baseball team has evidently passed into oblivion. HUG'S FLAG HUNT A TOUGH ONE

One of the hardest jobs in baseball this year has been placed on the shoulders of this midget manager, Miller Huggins, of the New York American League team. He has been asked to give the Yankees a pennant. The owners have spent a fortune in buying star players to that end. But not always have all-stars fit into winning combinations. Despite the fact that the Yankees spent \$125,000 for Babe Ruth, star slugger, Huggins' job is still a tough one.

RUSTY SHOULDERS are rare in THIS MAN'S TOWN. EVERYBODY has them—(the shoulders)—to the wheel heaving, pushing BOOSTING for OUR TOWN and neighborhood.

It is a community steadily growing in prosperity. The big reason for such growth is loyalty and SERVICE.

The business and public-spirited men LONG AGO realized that if OUR TOWN wanted to maintain a substantial position, their business must be built upon the foundations of CLOSEST RELATIONSHIP.

That relationship is possible through having SOMETHING to offer—and making the offering KNOWN. It is the principle underneath "BOOSTING" our community.

A town is no stronger than its BUSINESS—the business of its merchants and neighboring farmers.

The way to show these honest, sincere merchants of town and country that you appreciate the stand they have taken, and are taking every day in BOOSTING this town—is to read their advertisements—patronize them. BUY YOUR GOODS of the men who are keeping our town in the prosperous habit.

In that way you'll be doing your BOOSTING.
