Young men and women of Lake county, who desire the advantages of higher education in state institutions in Oregon, may go to college for many years to come at no expense to themselves, according to the provisions of the will of the late Dr. Bernard Daly, an old-time citizen of Lake county. The board of trustees of the fund left by Dr. Daly found that more than \$700,000 is left by the will to be used to educate the young men and women of the county, which is very sparsely populated. Probably not more than 15 persons will be available to take advantage of this offer yearly, it is thought.

"'Tis CHEAPER to Build a Better Home Than to Waste Repairs on an Old One"

Constantly patching the old house is expensive. And what is worse, when the work is all done you still have the same old out-of-date house. But, put into a new home instead, that repair money would prove a better investment.

The Plans and the Material

We will gladly help you to plan the new home. Our experience may save you money right from the start.

And on material we can offer you inducements that would warrant your immediate consideration. Quality and prices are both to your advantage on dimension lumber, sheathing, siding, lath, flooring, shingles, roofing, building paper, etc.

Come in when you can and talk it over with us.
