says the Good Judge

That you are getting full value for your money when you use this class of tobacco.

The good, rich, real tobacco taste lasts so long, you don't need a fresh chew nearly as often—nor do you need so big a chew as you did with the ordinary kind.

Any man who has used the Real Tobacco Chew will tell you that.

Put up in two styles

RIGHT CUT is a short-cut tobacco

"'Tis Better to Add a Wing to Your House Than to Wish You Had More Room"

Living in cramped, crowded quarters makes one irritable, dissatisfied and uncongenial. If you really need or want more room, you will not rest easy until you have it. Then why not add a wing to the house now and make the space you want?

## Oregon Must Have a Port Equal to Any Port on the Pacific Coast

Initiative measure No. 310 on the ballot gives to the Port of Portland means to create such a port.

The primary object of this bill is to furnish the means to insure the opening and maintaining of a 30 foot channel from Portland to the sea and of building and establishing port facilities at the City of Portland sufficient to handle the foreign and coastwise shipping of that port

The cost of this improvement will be met by the people living within the boundaries of the Port of Portland.

When you go to the polls November second vote 310 YES and give to the Port of Portland the Power to maintain its thirty foot channel to the sea and to build adequate port facilities to handle all of the great products of the interior of the state.

The passage of this bill means lower freight rates for the products of Oregon in reaching the markets of the world and a consequent greater profit to the producers.

This is the most important and the most valuable measure that has ever been put up to the voters of the interior portions of the state.

## "Capital and Industry: Keep Out"

WOULD YOU, AS A PATRIOTIC CITIZEN OF OREGON, PLACE

SUCH A SIGN ON THE BORDERS OF THE STATE

That is exactly what you will help to do if you do nothing to prevent the passage of measure No. 314 and 315 on the November ballot entitled, "Constitutional Amendment fixing Legal Rate of Interest in Oregon."

This measure proposes to limit the rate of interest in Oregon to 5 per cent. You can by law, fix the rate of interest in Oregon, but you can not, by law, force the loaning of money in this state, when a much higher rate can be secured elsewhere. The passage of this measure would force the withdrawal of the millions of foreign capital which is today loaned on factories, business and real estate in the state and send your local money owners outside of the state to better investments

Passage of this measure would mean foreclosure of thousands of mortgages, would result in financial paralysis, and would mean widespread unemployment.

You, no doubt, understand the viciousness of this measure, but have you talked to your neighbors and friends about it? We urge you to do everything you can to defeat this measure. Oregon's reputation as a sound state for investments requires that this measure be overwhelmingly defeated.
