KU KLUX TERRORIZES SOUTH BY NIGHT RAIDS

The old Ku Klux Klan raids, which terrorized the south years ago, is being resumed again. Cotton gins and tobacco factories have been steadily going up in smoke after warnings have been sent to the owners in the form of the note above. Some arrests have been made, but the destruction is still continuing and is becoming serious. At the right is a typical night-raider, or "the black 75," as they are called, and one of the southern cotton gins in flames.

BRAINS OF FAMOUS CENTRE ELEVEN

To the uncanny football ability of this playing quarterback, "Bo" McMillin, and the coaching of Charles Moran, famous big league baseball umpire, is credited the great showing of the Centre College eleven of Danville, Ky. More than 500 rooters made the trip to Cambridge, Mass., from the little Kentucky town where Centre played Harvard.

DAME FASHION FORGOT HER ARMS

Alice Grady, the pretty little movie star, has answered the dictates of Dame Fashion, who is evidently very fearful lest Alice should have cold neck and hands. So a beautiful black skunk neck-piece protects milady's neck and long gloves her hands and wrists. However, Dame Fashion has sadly neglected Alice's arms, for her short shoulder cap sleeves leave some space for the chilly fall winds. Notice the belt and sides of the gray satin panel are trimmed with long black fur.

Great interest is being taken in the Yale-Princeton game to be staged at Princeton, Nov. 13, owing to the fact that their respective captains are brothers; "Tim" Callahan (above), the older, center of Yale, while "Mike," his brother (inset), plays the same position with Princeton.

CITY OF SEBASTOPOL FALLS TO BOLSHIEVIKI

Reds Wipe Out Wrangel's Army and Master Whole Crimean Peninsula.

Tarls.—Sebastopol has fallen, the Russian Bolsheviki having occupied the city, according to unofficial confirmation received by the French foreign office.

The Bolsheviki are reported to be masters of the whole Crimean peninsula.

General Wrangel, members of his staff and M. Martel, French high commission at Sebastopol, were taken on board the French warship Waldeck Rousseau.

Constantinople.—The army of General Wrangel, the anti-bolshevik leader in south Russia, has been wiped out and a number of his generals have committed suicide.

A mob in Sebastopol has pillaged the American Red Cross stocks.

Thirteen thousand refugees have arrived here from Sebastopol, but because of the lack of accommodations in the city, they are still aboard ships moored in the Hosphorus.

Several thousand more are due here, and it is understood 30,000 have been permitted to take passage from the Crimean city. It was found impossible to provide ships for the entire population of 80,000. Two thousand wounded men also have arrived and have been distributed among the French and Russian hospitals.

JAPAN, U. S. AGREE ON LABOR EXCLUSION

Tokio.—Newspapers here report that the Japanese and American governments have reached an agreement in principle relative to the exclusion of Japanese laborers from the United States. It is asserted, however, that there is a disagreement regarding the methods to be employed. America is understood to desire provisions for exclusion embodied in a treaty, but Japan, it is said, regards this procedure as humiliating and as forming a precedent she might be forced to follow in future treaties. Japan is said to declare that measures prohibiting her subjects from emigrating can be taken only on her own initiative.

In other respects the negotiations are progressing, it is reported, and, once this point has been settled, an agreement may be expected.

HUNGARY RATIFIES TREATY

Tears Shed as Terms of the Treaty Are Met.

Budapest.—When the peace treaty between Hungary and the entente allies came up in the national assembly the deputies rose, sang the national anthem and then voted for ratification amid silence. It was ordered that the black flag of mourning should fly over public buildings.

In an address lamenting the crushing weight of the terms imposed, Karl Huszar, former premier, brought tears to many eyes. County Teleky, the premier, proposed that he be tried for his part in negotiating and ratifying the treaty, but the deputies voted unanimously their refusal.

Operations will be conducted in Minnesota, North and South Dakota.

FIRST SESSION OF LEAGUE CONVENES

Delegates to Assembly Are Keen to Meet World Problems.

Geneva.—Determination to meet intricate problems in world affairs and to lay firmly the foundation stones of the league of nations was evident in the demeanor of delegates of forty-one countries when they convened here Monday for the first session of the assembly of the league.

Men who have been long in the arena of world politics were present when Paul Hymans, temporary president and former Belgian foreign minister, appeared on the platform hall of the reformation and called the meeting to order. A. J. Balfour, head of the British delegation, was not able to be present. Among prominent men were Tomasso Tittoni, of Italy; Leon Bourgeois and Rene Viviani, of France; Viscount Kikujiro Ichi and Baron Keishiro Matsui, of Japan, and Jose Quinones de Leon, of Spain. South Africa was represented by Lord Robert Cecil, former British assistant secretary of state for foreign affairs.

Most of the South and Central American republics have full delegations here for the session.

The United States was not represented officially but throughout the session there will be present American "observers" who will keep Washington fully informed of developments. At a meeting of the council of the league Sunday arrangements were made for the United States to have a representative on the financial commission, as well as the commissions on economics and mandates, should she so desire.

FAST MAIL TRAIN ROBBED BY BANDITS

Washington.—Internal revenue bureau informal statements confirmed reports that a crusade against home-brewing of alcoholic beverages is planned by the government's prohibition enforcement agencies.

The bureau did not reveal, however, the means it proposed to employ in the campaign, nor admit that it had approved preliminary instructions issued by Prohibition Commissioner Kramer, directing that sales of malt and hops be restricted to bakers and confectioners.

"If malt extract, hops, tinsmiths, gelatine, or other materials are sold or advertised for sale for use in the unlawful manufacture of intoxicating liquor," said a statement issued by Commissioner Williams of the internal revenue bureau, "it is the purpose of the bureau to prosecute persons so offending."

"The so-called home-brew beer manufactured in the home for beverage purposes, even though for the sole use of the family and bona fide guests, is, under the bureau's construction of the law, illegal and the sale of materials for such manufacture likewise is illegal."
