ter and pepper and salt to taste; cook slowly for 15 minutes, then add three tablespoons of cream; mix well and pile in the center of a dish with fried croutons surrounding the spinach.

Crepe de Marrons.—Take half a pound of large chestnuts, cut a cross on each, and boil them in plenty of water till the outer and inner skins can be easily removed. Then pound them in a mortar, and pass through a fine sieve into a dish, adding a few drops of milk to soften the mixture. Next, beat the yolks of three eggs with one-half cupful of cream and the same of milk; sweeten with one-quarter of a cupful of sugar, add a few drops of vanilla and strain the mixture into a double boiler. Stir the mixture over the fire until it thickens, then add a little less than half an ounce of gelatin, which has been soaked in a little cold water and dissolved over the heat. Pour this custard gradually onto the chestnut puree, mixing well, then pour into a hollow mold. When ready to serve unmold and fill the center with a half-cupful of whipped cream colored with a bit of pink sugar.

Nellie Maxwell

To Make Study of Coffee.
Coffee, from the green bean to the sugared cup, is to be made the subject of an exhaustive scientific study in a large eastern university laboratory for a whole year. The caffeine, volatile oils, tannic acid, and other components, present at all stages of preparation, will be measured, and the effect observed of various methods of cooking, and of treatment with cream, milk, etc., after cooking. The chief object of the research is to provide trustworthy material to refute the claims made by enemies of the beverage.—Popular Mechanics Magazine

California Plan of Marketing Appeals to Farmers

Commodity marketing as successfully launched in California, bids fair to spread into national practice, as shown by recent action of the American Farm Bureau Federation. The plan can and does apply to all farm commodities. It is a state or national pooling of all products to be sold per left. Crowds in western Kansas at mass meeting on commodity organization during one of the recent Farm Bureau drives; right, C. H. Gustafson, chairman of the grain marketing committee of the Farm Bureau Federation, who reports Feb. 14 at a Kansas City meeting on the "California plan" to his grain growers. Lower left: Activities in the southwest, where the winter onion growers are already highly organized and are getting highest price for their bermuda and pearl onions.

WEEKS AS CABINET CHOICE FACES FIRE

Being mentioned as a "possibility" in the Harding cabinet carries with it certain obligations, the most trying perhaps is facing the battery of moving picture cameramen who "grind" out every characteristic at every turn. Former Senator John W. Weeks of Massachusetts, who, it is thought, will be offered the portfolio of navy, paid the penalty in a recent trip to Washington, as shown here.

IT'S CHAMP WITH K O WHO GETS COIN

The champion who knocks 'em all out is the fighter who "gets his price" for doing the job. Benny Leonard lightweight champion knocks 'em out as fast as they come. His knockout of Richie Mitchell in the sixth round at New York recently—after himself having been dropped in the first round—marks him as the champion he is. Leonard has won six of his last seven fights by K. O.

YUM-YUM, THE SAP'S A-RUNNING, FOLKS

The United States is the greatest maple sirup and sugar producer in the world, and many folks, says the American Forestry Association, have producing trees on their places and do not know it. So look around folks and if you have some hard maples more than eight inches in diameter, make preparations for tapping them for the first and sweetest run of sap, which usually starts Feb. 1 to 15. Pictures show how to tap with a 13-32 inch bit—not deeper than 1-2 inches—a hole slanting slightly upward.

HE WILL NEVER SEE HIS SHADOW

IF HE SEES HIS SHADOW HE WILL GO BACK AND STAY IN ANOTHER SIX WEEKS
