

25,000 Home Investors

Few Years Ago the electric and gas properties managed by the Byllesby organization had a very few home investors. Today about 25,000 citizens of the cities and towns served own upwards of \$20,000,000 of the securities of their companies.

The Money which these 25,000 residents have invested has been used to construct additions and extensions and thus to develop the growth and prosperity of the various communities. Interest and dividends now paid to resident investors now total one and one half million dollars a year.

The strength and standing of Byllesby managed utilities are clearly evidenced from the facts given above. These 25,000 people have placed their funds in modern properties devoted to supplying indispensable services in growing demand---have invested in a business which they can keep under personal observation.

Biliousness

WHEN you have a bilious attack your liver fails to perform its functions. You become constipated. The food you eat ferments in your stomach instead of digesting. This inflames the stomach and causes nausea, vomiting and a terrible headache. Take Chamberlain's Tablets. They will tone up your liver, clean out your stomach and you will soon be as well as ever. There is nothing better.
