IT'S BEEN A LONG TIME

—since our forefathers made tea in the Atlantic Ocean, using the harbor of Boston as a teapot.

And it has been a long time since the folks of this community have been able to get grocery prices to compare with our Fourth of July prices, this 1921.

You housewives—have you taken note that you must lay in supplies to go over TWO days—for SUNDAY and MONDAY?

And you know from past experiences—EVERYBODY is hungriest on holidays.

MUSIC

Chautauqua is a veritable festival of music. Lieurance's Little Symphony Orchestra is scheduled for two notable concerts. Then there is the Sam Lewis Company, headed by the prominent Welsh tenor, Sam Lewis; The Orpheus Four, America's foremost male quartet; The Jugo-Slav Tamburica chesra; Walter Jenkins; The Roach-Freeman Company. Twelve concerts in all—certainly the music alone is worth far more than the cost of the season ticket.

LECTURES

Many notables appear on the Chautauqua lecture staff this season. Stefansson, the famous Arctic explorer, is one of the head-liners. Peter Clark Macfarlane, noted American writer, is another. Add to these two celebrities the name of Tom Skeyhill, just back from Russia, Hunt Cook of the Chicago Art Institute, Father Cronin and Purnell Ford, inventor and electrical scientist.

ENTERTAINMENT

An outstanding entertainment event is scheduled for the fifth night in a big play production presented by the Keighley Broadway Players with an all-professional cast. Another entertainment feature of note comes in the two programs to be presented by Ada Roach and Ruth Freeman on the second day. This is a duo with a country-wide reputation.
