The local farmers did not decide to enter a booth until a short time before the Fair opened, but the splendid cooperation of the members who responded to the call for the loan of their farm products, and those who did their utmost in decorating the booth, assured the success of the project.

An all day Farmer's Union Meeting is to be held at the Elkins School House, Saturday, October 15. Everyone expects to get plenty to eat and to have a jolly good time.

FARMING!

The Biggest Business in the United States

Every farmer is entitled to three conditions in his business:

- Cost of Production**, If he produces economically.
- Stability of Markets** over which now he has little control.
- A Reasonable Margin of Profit** which all other business expects and gets

These things cannot be secured by each farmer acting individually. They must be obtained through a well financed organization.

The Farm Bureau

is a three fold organization to bring these conditions about.

The COUNTY Farm Bureau

helps to solve all local problems of production, home conditions and better farm life generally.

The STATE Farm Bureau

is the state-wide voice of the farmer in legislation, economics, marketing, industrial and allied interests.

The AMERICAN Farm Bureau Federation

is the masterful organization which represents you, Mr. Farmer, at the seats of the mighty in Washington, in all state capitals and wherever regulatory and administrative bodies are sitting.

Membership in the Polk County Farm Bureau entitles you to all the benefits of the three links of the perfected plan.

Public Meetings Next Week

in every community to discuss in detail this great Farm Organization. **Let's Go!**
