Indigestion

DO YOU KNOW that indigestion can be cured,
permanently cured, so that you can eat any
kind of food that you crave? It has been done
not only once, but in almost every case when Cham-
berlain's Tablets are used. An instance: Mr. J.
Pomerville, Stillwater, Minn., who had spent over
\$2,000.00 for medicine and treatment was perma-
nently cured by these tablets.

Monmouth Meditations

The first gypsies passed through
town the other day, additional evi-
dence that Winter has about con-
cluded its loitering in the lap of
Spring.

Consumption of champagne in
Germany is on the increase, reads
a news item. At the same time a
German newspaper advocates the
imposition of heavy license fees on
American tourists and thus is ex-
posed the bait and the trap.

Spooks are becoming decidedly
numerous throughout the country
and if they run out of material we
have some in Polk county that can
be furnished up and made to supply
any deficiency. For instance there
is the ghost of the highway contro-
versy, laid securely to rest several
times but which still stalks at mid-
night or noonday at the behest of
uneasy newspaper men or section-
alists. Then there is the ghost of
what Polk county might have been
of which forward looking people
are forever catching a glimpse.
John Barleycorn's ghosts are also
often caught in the flesh, physical
phenomena which are respectfully
called to the attention of Sir Wil-
liam Crookes and Sir Oliver Lodge.

The base ball season is again with
us. Portland has already won the
pennant around the back room stove
and here's hoping she hangs onto it.

The following sounds a little like
a belated April Fool joke. Anyone
reading it might conclude that
Brother Peterson was undergoing
a brainstorm. However, it is only
a little surplus stock of discarded
ideas acquired in the process of
helping his daughter write a prize
essay on the care of the teeth.

Now as to teeth versus health—At
first but not greatest we have no
teeth; and consequently we don't
know that we have health, and
from the weeping and wailing and

gnashing of—gums, we probably
haven't. It is true that "As a
man thinketh, so is he" then "as
a babe thinketh, so is she". For when
we tho't we were dying, we perhaps
were only temporarily inconveni-
enced by the first symptoms of peripa-
tetic peritonitis commonly known
as wind colic caused by sleeping six
hours with the mouth open and one
foot in the air and the other caught
in the bars of the crib.

Then after several moons and
some score suns had appeared and
disappeared, much shoe soles and
rubber dolls, appeared also but re-
mained in the appearing till teeth
arrived, and the arrival was herald-
ed by louder wails by the one in
agony, and much pleasure by those
used to the agony.

And now they tell us, "Health
depends upon proper care of the
teeth", when in reality every
disease known to man tries to crowd
through the door when teeth gain
an entrance. Many of them suc-
ceed: gum boils, laceration of
tongue, toothache, palpitation of
the head, and gout are only a few
of the possibilities. Of course we
can prove that gout is caused by
teeth, for without teeth and many
of them rich food and meats could
not be masticated and rich wines
could not follow such deglutition,
and it is the mastication and de-
glutition of rich food and drink
that cause gout, selah!

No! rather than say "bad teeth
cause many diseases", let us say
"away with all teeth", so that we
may escape not only disease, but
responsibility, pride, hard chewing
and dentists; we will have fore-
stalled pyorrhea, pimples, neuritis,
rheumatism and snoring; to say
nothing of bad breath, blow outs,
and bug houses. Besides there
would be no cancer, care or con-
densed comfort, paralysis, prolap-
sus, and partial pill sickness would
sommambulism evaporate, and soul
mates would wander widely. "Give
us milk or give us death!"

G. A. Peterson.

Their Beauty Brings Them Fortunes

Child innocence and child beauty are admired everywhere, be it in
home or movie. These four little beauties have just left their home to
pose before the camera for French movie fans. They have been
declared the four most beautiful children in Europe and the highest
salaried. Upper left, is Claudie Albert, who won a \$25,000 contest as
the most beautiful child. Upper right, Lina LeLong, lower left La
Petite Louise and lower right, Bebe Lilienne.
