R-r-revenge

J. V. Webber says holidays reminds him of one that he didn't take. He wanted to go hunting ducks but his uncle said "No", there being work in the barn where he had to clean from under and clean off fifteen mules. The uncle was no hunter but a little later

there was a good prospect for ducks and he thought to try his luck. With a grudge to settle J. V. made ready the muzzle loader for his relative. Onto an extra large charge of powder he rammed down hard the wads. The uncle never shot a second time for the recoil of the first shot almost dislocated his shoulder and tore a gash in his cheek from chin to ear. The uncle was a very mean man J. V. asserts by way of extenuation.

TELL your dealer you want to see a Fisk Tire beside any other he offers you. He has it in stock or can get it. See for yourself what the Fisk Tire has to offer in extra size and strength, how its resiliency compares when you flex the tire under your hand, how the depth of the non-skid tread looks beside other treads. This is the way to buy tires!

There's a Fisk Tire of extra value in every size, for car, truck or speed wagon
