Monmouth
Meditations

The Monmouth Concert Band has, after a period of six months inactivity, again come to life, and is making an effort to become what it was organized for and what it should be—a live wire organization ready at all times to furnish music for any public occasion.

The boys have secured for director, Mr. A. F. Galgano, who comes over from Salem every Wednesday night for rehearsal. Mr. Galgano has studied under some of the best musicians in New York City, and has a practical method of instruction gained by years of experience which is bound to go a long way to make the Band a success.

However, this is not sufficient. To be a success an organization of this nature must have backing, not financial alone, but encouragement from the public. The Band is not at present asking for any money, but does need more members. If Monmouth is to have a Band it is up to the citizens to show that they want one. The Band at Dallas is backed by four civic organizations and also by the City Council.

By courtesy of Rev. Pace the Community House is open for rehearsal every Wednesday night at 8:00 P. M. If you have any musical aspirations or can dig up a horn or drum or any other band instrument you are welcome. Any one interested who does not own an instrument can make arrangements thru the Band to purchase a new or second hand instrument on easy terms. TALK IT UP!

Dallas, Polk county, has about 4,000,000 pounds of prunes which still remain in the hands of the growers, according to Polk county prune growers. It is estimated that there are only about 6,000,000 pounds of unsold prunes in the hands of northwest growers.

Reports from the east indicate that the prune market has been strengthened considerably during the last few days.

The heavy fall of snow accompanied by a fair-sized blizzard, has put the Willamette Telephone company to a considerable amount of inconvenience, the long distance communication being entirely cut off between Dallas and Salem. Repairs are being made as rapidly as possible with a large crew of men. The are light circuit of the Mountain States Power company in Dallas went out of commission late Sunday evening and the streets were in darkness until repairs could be made.

RAT ATTACKS SLEEPING MAN

Inflamed Animal Makes Wound in Man's Neck Within Half Inch of Jugular Vein.

Wilmington, Del.—William W. Windsor was the victim of the attack of an infuriated rat while sleeping in the rear of his photographic studio the other night.

Windsor was first awakened by a noise and, flashing a light, saw a rat dragging away an apple which had been taken from a bag in the room. He placed the apples in a safe place and then hung the apple which the rat had striven to make off with from string from the ceiling, but out of the animal's reach.

Later he was awakened from his sleep by a stinging sensation in his neck and, brushing his hand across his face, touched the rat, which had inflicted a flesh wound. The wound was within a half inch of the man's jugular vein. Mr. Windsor's daughter died several years ago after having been bitten by a rat.
