Clean-Up Bargains in Dress Goods

It is the policy of the Miller Mercantile Company to keep their stocks strictly up-to-date. And in order to do so we must clean up all odds and ends, short lengths, and unseasonable goods and put the money back into new goods.

This gives our customers an opportunity to take advantage of rare bargains and, incidentally, help us clean our stock.

Borrowed Players

The ball game next Sunday may be the last of the season. The locals have taken on the Southern Pacific team of Portland who have not been defeated this season. To give them a real game the Monmouth team is using some imported players. "Lefty" Miller of the O. A. C. will pitch and Kack Hubbard of the same institution will be on 3rd base.

Mayor's Coat Missing

It is a wise man who knows his own Ford. The other evening Mayor Chesebro closed up his place of business and put his coat in what he supposed was his car. He wandered down the street on some belated business and when he returned he found his own car on the other side of the street where it had been all the time. The owner of the first car had driven off with the coat.

Earned Honors

The "scandal sheet" is out. From Eugene comes a complete statement

of the scholarship standing of all pupils in the University of Oregon. This shows that four Polk county pupils made the honor roll, to get on which it is necessary to make a

grade of 2 or better in every subject carried. This means that pupils must average about 95 in their work. Those on the honor roll:

Seniors—Raymond Boyer, Rick-

reall; Ben Phillips, Dallas. Freshman—Edward P. Koen, Dallas. Graduate Student—Edna Scott Monmouth. —Dallas Observer

Cook By The Clock

There are a lot of things to be done around the house that you cannot find time for when you have to spend so much of the day running back and forth to the kitchen to make sure that the food is cooked properly. With an

AUTOMATIC ELECTRIC RANGE

in your kitchen, you can prepare you food, put it in the oven and forget about it.

Complete Automatic Control turns the heat on and turns it off at the exact time you want it done.

After you have set the clock on the range you can go about some other task and be sure that the food will start cooking at just the right moment to have it done at meal time, and it will have the rich juicy flavor that is found only in food cooked just long enough.

for Economical Transportation

In 1922 Chevrolet jumped from seventh to second place in sales of all cars, and to first place in sales of fully equipped modern cars.

Purchases by farmers were the chief factor in this remarkable development.

Farmers want automobiles not only of low first price, but also of low later cost for operation and maintenance.

They want room, comfort, and ability to stand up under hard conditions. They find that Chevrolet, fully equipped as sold, is the best value per dollar in the low priced field, and neighbors tell them it costs less per mile to operate.
