Normal Boys Defeat Willamette Freshmen

On Thursday evening February 14, O. N. S. basket ball team defeated Willamette freshmen on the Salem floor by a close margin.

O. N. S. took the lead from the start and kept a few points ahead throughout the first half, and at the end of the first twenty minutes the score was 8 to 11 in favor of O. N. S.

At the start of the second half Willamette broke through the defense of O. N. S. and scored two points making the score 10 to 11. From that time on, one side would be ahead and then the other. The score was tied three times during the last half. Five minutes from the end of the game the score was tied, 17 to 17. Then Willamette took the lead of one point by shooting a foul. The decisive points were made by Stapleton, who was high point man, getting 15 of 23 points. The final score was 23 to 18 in our favor.

Automobile Accident

Mrs. G. Suver's car was damaged to the expense of about \$100 in an accident north of Rickreall one evening this week. They were about to pass another car which had dimmed its light properly but threw on the light full force too soon before the cars were abreast. The shoulders have not yet been placed on this paving and naturally both cars avoided the outside of the paving. There was a collision which would not have been so bad had not another car been traveling with the first and which ran into it from the rear piling both cars off the road. Car number one was driven by Walter Tooze, Jr. of McMinnville.

Burton Arant of Eugene spent the week-end with relatives in Monmouth. Clares Powell had business in Portland Tuesday evening.

Mr. and Mrs. A. W. Parker of Yamhill have a new 10 pound baby boy who arrived February 19. At last report all were doing nicely.

Mrs. Charles Atwater, experienced dress and coat maker, will do work of that kind at her home, 460 South Monmouth avenue, and asks the patronage of the public.

BRIEF NEWS

W. A. Lange of Newport was a visitor in Monmouth a short time Saturday. There are three divisions in the ranks of Newport citizens just now, says Mr. Lange, with the enforcement and violation of prohibition regulations forming a dividing line in their ranks. Between them all the average citizen must step cautiously to keep out of trouble. With agate hunting, fishing and gathering oysters and crabs the Langes are putting in a very pleasant winter.

Roosevelt Club Coming

The Evangelical congregation is offering a special attraction March 1st and 2nd. The Roosevelt club from the Portland Y. M. C. A. will be with them holding a social time Saturday evening and two religious services Sunday—afternoon and at the time of the regular church services in the morning. James Palmer, leader of the club will speak during the morning. He was overseas with the army and is recognized as exceptionally good in his line. Volunteer speakers from the club membership will speak during the afternoon.

Odd Fellows Visit

Last evening the meeting of the Polk county Odd Fellows visiting association was held with Valley lodge in Independence. Not only were all the lodges of the county well represented but there was a large delegation from Salem. The Monmouth team put on the initiatory degree and the team from Dallas put on the first degree. Both of these degrees were in competition for county honors and naturally all were prepared to do their best.

Pearl Mashback has been seriously sick with the grip at the home of Mrs. Boche. Recently he has been taken to the home of his brother, Robert Fishback, north of Monmouth where he is being cared for.

Mrs. M. F. Wood of Corvallis visited her daughter, Miss LeVelle Wood at the Faculty House on Wednesday and Thursday.

A. Parker, rural mail man from Milwaukie spent Sunday with his family here and attended the funeral services of G. T. Boothby.

Mrs. Bertha Hall of the Commercial department of the Normal spent the week-end in Portland, witnessing the production of the Merchant of Venice with David Warfield in the role of Shylock.

Mr. and Mrs. C. E. Force are visiting with relatives in Portland.

The publisher of the newspaper at Mount Angel was a visitor in the Herald office Friday. He was on his way to the newspaper conference in Eugene.

Dr. Thompson will be back from his vacation trip to California, and will make his next regular visit as usual on Friday, February 29. Those wishing to have their glasses adjusted or eyes examined may call at the local hotel on this date.

One of the greatest undermining factors of the poultry business is that of limited acreage. Many established poultry farms successful for a few years, have been compelled to close their doors because all of the ground space had been used repeatedly by a great number of fowls. No one should engage in commercial

poultry keeping on less than 10 acres of tillable land for 1000 hens; that is every acre should not have more than 100 hens on it.

At The Miller Store

AUTOCASTER

This Range Saves Fuel

The Duplex (wood and coal) range saves fuel because it gets all the heat out of the fuel. The wide, shallow firebox and the complete system of heat circulation attends to that. And what perfect baking this controlled heat assures.

These are just two reasons why the Colonial is the range for your home. Made in the Northwest to meet Northwest conditions.

We run an exchange department and will make you a liberal allowance on your old range or whatever you wish to dispose of in our line.
