MY OLD HOME TOWN

My old home town, as of old, nestles still
In the valley's lap down under the hill
And in ghost-like silence through ev'ry street
Troop memories sad and memories sweet.

I have just been back to the dear old place
Where kindness abounds with infinite grace.
The town was decked in flora of spring,
And fairies wrote operas for birds to sing.

My welcome was shown by the nodding trees—
Greetings like kisses were in ev'ry breeze—
The daffodils, pansies and roses rare,
Said with sweet breath they were glad I was there.

And my friends, with hearts as warm as the sun—
Those few yet left with whom life was begun—
And the children of those now long since dead
Made action speak loud all love could have said.

As the River of Time speeds on its way,
I never shall ask for a sweeter day.
Than the few just spent in my old home town,
Where the love of friends was my royal crown.

—M. J. Verdery in New York World.

Remove Building Hazards.
Civic bodies and legislatures should diligently work to remove all unnecessary hindrance or hazards to the individual home-building instinct, such as fire loss, difficult and complicated real estate transfers, uncertain values due to unwarranted changes in the use of real estate through lack of zoning laws and city plans, monopolistic and price-fixing material and labor conditions and labor disputes.

Women's SPRING FOOTWEAR

The delightful consciousness of being well dressed depends upon perfection in every detail—and footwear is not the least of details. Your feet bear eloquent witness of your taste in dress. Choose inferior shoes and you will be all too keenly aware of lingering critical glances. Choose a pair of Millers' shoes and you may walk serenely conscious of the perfection of your shoes.

There is a shoe for you here at the price you want to pay. Whatever you wish—pump, sandal or oxford—for dress or for

business—for sport or for theater—in your favorite leather. Graceful, comfortable, serviceable. All the latest models.

For daytime wear there are all the costume shades to match or harmonize with the new hosiery, with a decided preference for the goring shoe with the cut-out effects and the always popular fancy straps; in satin, suede and soft leathers.

For evening we have a most beautiful black satin pump with graceful heel and cut-out front, trimmed with black suede.

COLORED RATINES

Now that the Spring's Coming seems to be assured your thoughts will be turned to lighter fabrics and brighter colorings.

Fashion dictates the rough weaves and bright, cheerful colors. Our showing of ratines and basket weave crepes includes a score of desirable shades. The yard 95c

HAND MADE
Brenlin
the long-wearing
WINDOW SHADE material

Window shades of enduring beauty

You'll get a rich beauty that lasts in your Brenlin window shades.

Brenlin wears two or three times as long as an ordinary window shade, because it is made without chalk or clay "filling"—the cause of cracks and pinholes in ordinary shades. And because the material is finer, stronger and more closely woven.

We have Brenlin in a wide variety of beautiful colors. Let us show you how little it will cost to shade your windows with Brenlin.

We will gladly make suggestions on how to shade and decorate your windows correctly and economically. Without obligation to you we will also send a man to measure your windows and estimate costs. Just 'phone today.

Moore & Addison

Independence — Oregon

To incline a series of laws toward encouraging home building is less sentimental than practical and fundamental; in fact, all beneficent laws may well be tested by the one question: "Do they tend to make more and better homes?" for home ownership visualizes and substantiates the highest instincts of man and leads the strongest motive force we have—parenthood—to the noblest products of human energy and democratic citizenship—Exchange.

Home Improvement.

Honors won by residents of Northeast Washington in the home beautification contest now on in that section are shared by the city as a whole. Beautiful homes, well-kept lawns, pretty gardens—these things are subject to private ownership and control, but they are also community assets, going to make up the city's appearance. Every owner or resident who beautifies his dwelling and premises adds honor not only to his own account, but to that of Washington.

City Buys Harbor Frontage.

The port of Seattle commission has bought from the United States shipping board, subject to the approval of the voters, a desirable piece of harbor frontage property.

Commission Government Ind spread. Municipalities in New Jersey are authorized to adopt the commission manager form of government, under an act passed by the 1923 legislature.

Cannot Be Built in a Month. Anyone can build a business as black, if he has the money, but it takes years to grow a wide-spread tree.

Trees Always an Asset. Save the trees as much as possible. Even from a dollar point of view, they are an asset.
