

### Flower Holders

Already spring bulbs are putting forth their gay blooms, and for six months or more flowers will be part of the daily decoration of the home.

Bowls and Baskets for the mass effects—Vases and Bud Holders for the few or single flowers—are needed. Such pieces are here in pleasing variety. Each a charming ornament of itself, and a holder that makes still more decorative the beauty of the flowers. Delightful for Easter gifts.

### WHEAT GROWERS ASK TEST WEIGHTS CUT

#### Spokane Conference Recommends Reduction From 60 to 58 Lbs. per Bushel.

Spokane, Wash.—Reduction of the test weight on wheat from 60 to 58 pounds per bushel was recommended by a meeting of growers, millers and grain dealers at a hearing held here by Dr. Henry C. Taylor, head of the federal bureau of agricultural economics in Washington, D. C., and E. L. French, head of the state department of agriculture.

The vote, 23 to 18, came after considerable opposition to the proposed change had been voiced by millers and grain dealers, who denied the contention of the growers that such a change would be equivalent to an increase of 2 cents a bushel in the price to the grower.

The meeting also went on record as favoring an increase in the limitations percentage on mixed wheat from 2 to 5 per cent, applying mainly to white wheats mixed with Turkey Red and Marquis varieties of hard wheat. Millers and grain dealers also opposed this proposal.

Dr. Taylor reported that growers at hearings held in Pendleton, Walla Walla and Pullman favored reduction of the test weight from 60 to 58 pounds, while growers at the Portland hearing opposed any change.

### NEW EPIDEMIC BREAKS OUT IN CALIFORNIA

San Francisco.—Further spread of the foot and mouth disease in Central California, quarantine of one of the largest stockyards in San Francisco, and emergency plans for a closer quarantine on infected areas, were the developments in the foot and mouth epidemic.

The federal quarantine has been extended to cover the four counties of Mariposa, Merced, Stanislaus and Madera, that territory including some of the finest herds of dairy cattle in the state. The Merced county supervisors called a special meeting to plan action to meet the emergency.

Even stricter quarantine measures were sketched for Alameda county. Action was taken to close all highways leading into the southeastern part of the county except to persons with definite business.

### REPARATION EXPERTS SPLIT

Reported Opinion Differs on Question of a German Moratorium.

Paris.—The departure for London of the British members of the experts committees, has given rise to reports that fundamental differences have cropped out in the work of the experts and that the British representatives have gone to consult their government.

It was stated officially that no serious disagreement existed, and that while different opinions have been expressed in the course of the discussions the report now being drafted will be signed unanimously by both committees. The question of a moratorium is reported to be the point upon which opinions diverge.

Officially, however, the correspondents are informed that "the work of the experts is proceeding in complete accord on fundamental points," and that the joint report of the Dawes and McKenna committees will be ready the first week in April.
