I have been told that the
sheriff's office can be run
on less money. As to this
I do not know, as the only
relation I have ever had with
the office was in the paying
of my taxes. But I will
faithfully promise you this,
if a saving can be made with-
out sacrificing efficiency, I
will make this saving, be it
big or little. But Law and
Order shall prevail.

This Range Saves Fuel

COLONIAL

The Duplex (wood and coal) range saves
fuel because it gets all the heat out of the
fuel. The wide, shallow firebox and the
complete system of heat circulation attends
to that. And what perfect baking this con-
trolled heat assures!

These are just two reasons why the Colo-
nial is the range for your home. Made in
the Northwest to meet Northwest condi-
tions.

We run an exchange department and will
make you a liberal allowance on your old
range or whatever you wish to dispose of in
our line.

A REAL TRIBUTE TO YOUR MOTHER

How would your mother wish you
to observe Mothers' Day?
By a white carnation worn on your
coat lapel?
By writing a letter to her?
The wearing of a carnation is a

public tribute to her. If she is still
living certainly write her a long
loving letter assuring her of your
continued love for her and your re-
solve to live as she would have you
do. If she is on the "other side" send
this message across the space
that divides you from her. Surely
God will let her hear and heaven will
be happier because of a message
from you.

These are the traditional and beau-
tiful methods of observance, but
deep in her heart your mother would
ask that your tribute to her tender-
ness and care should prove its sin-
cerity by other and very practical
tokens. On Mothers Day in Ore-
gon subscriptions will be taken by
churches in every city and hamlet,
for the building of another cottage at
the Children's Farm Home near Cor-
vallis. What an opportunity this
is to observe the day as she would
have you observe it.

The two cottages of the Home are
filled to overflowing. Love cannot
enlarge them to admit another boy or
girl. The third cottage, nearing
completion, has more applicants than

it will contain. A fourth cottage is
urgently needed. Each day the di-
rectors of the Home sigh to think of
the applicants who must be denied.

Think of these children on Mothers
Day. Think of them as your mother
would, with a heart that understands
their need, and that goes out to them,
generously, gladly. Resolve just
now that whether you are an atten-
dant of church service or not that
you will have a part in the building
of this fourth cottage, and so assist
in this humanitarian work of moth-
ering the helpless, homeless children
of our state. Rest assured that your
mother wherever she is will smile to
receive this homage you pay to her
memory. If you do not attend the
Mother's Day church service you may
send this gift in memory of mother
to the nearest church or send it direct
to the Children's Farm Home office,
615 Stock Exchange Bldg. Portland.
If you want to know more about it
before giving, write there for infor-
mation. Keep Mothers Day as it should be
Kept.
