The following is a letter received by Young Brothers Dairy in regard to some samples of milk sent to the Extension department of O. A. C. for testing.

The report of the three samples of milk submitted to us on April 30, is as follows:

Bacterial count	Fat content
1. 500 per c. c.	4.9
2. 800 per c. c.	4.5
3. 1500 per c. c.	4.6

If these are representative samples of your milk supply you ought to be congratulated for the tests show excellent quality from a bacterial standpoint, also from a butterfat content standpoint.

Salesman Tells What Korex Compound Did for Him.

"I would not take \$1,000 for what Korex has done for me," says Thos. H. Miles of Shelbyville, Tenn. "For two years I was down and out. I had pains in my muscles and I could hardly sleep. Now I am as active as I ever was. I feel so much better and I can sleep like a baby all night. I can walk 5 or 6 miles on a hike and scarcely feel it."

Thousands the world over are now using this wonder compound. According to statements of users, the beneficial effects are complete and lasting. Weary and worn out men and women, sufferers from lack of appetite, low vitality, poor circulation, premature old age and lessened vigor

will be interested in learning that the American distributors of Korex, have arranged for Korex compound to be sold in Monmouth at Perkins Pharmacy. Stop in at this drug store and ask about Korex.
