NEWS FROM MONMOUTH

(Continued from first page.)

McMinnville, and S. A. Mulkey of Sheridan. They also visited the Yamhill school fair during their sojourn in McMinnville.
Riddell Bros., who have the A.W. Lucas homestead rented, decided to burn the stubble before commencing to farm several of the large fields adjoining town. It was successfully done by backfiring. It made one think of prairie fires on the plains of the Dakotas. Weed seeds in the

furrows and swales can thus be exterminated, although great precaution should be taken by plowing a round the fence first, and watching for a favorable condition of the wind to prevent fires from getting beyond control.

Mrs. Wm. Metzler of near Rickreall and Mrs. James Clow near Dallas were visiting Monmouth friends last Thursday.

Miss Ruth Fream of Dallas has been visiting at the home of her cousin, Miss Ruby Fream, for the past few days.

A candy kitchen in Monmouth is turning out fine work in the way of sweets. P. E. Chase says it is a better place to develop muscle than the gymnasium.

Mrs. James Chamberlain of Falls City visited Mrs. J. L. Murphy while on her way home from a trip to Brownsville, visiting a sister there.

Will Riddell has just finished an addition to his residence by putting in a water furnishing system that will be a great labor saving convenience.

Radek & Smith's bakery was destroyed by fire Friday night. Some of the contents were saved. They are going to put up a splendid brick building. The old building was insured for about half value.

Mrs. I. H. Fream and daughter, Miss Bertha, of Monmouth, have been visiting in Portland the past week.

MARRIED IN MONMOUTH.

Miss Hawley, Daughter of J. H. Hawley, Married to Stayton Man

A pretty home wedding was solemnized at the home of Hon. and Mrs. J. H. Hawley in Monmouth, October 6, 1908, at 3 o'clock, when their daughter Maude was united in marriage to H. A. Beauchamp, a prominent physician of Stayton, Oregon.

Rev. W. A. Wood, pastor of the Christian church, performed the marriage. Before the ceremony Mrs. Allan Clark sang sweetly, "All the World Loves a Lover." The wedding march rendered by Miss Orace Hawley, a niece of the bride. Little Miss Fraucelle Hawley was pretty as flower girl and scattered roses on the way. The bride was handsomely attired in a gown of maize colored messaline and carried a shower bouquet of bride roses. Both bride and groom were unattended. Light refreshments were served after the wedding.

The parlors were splendid in autumn leaves, madiera and sumach predominating. The dining room was in sweet briar, where Miss Lepha Hawley presided at the punch bowl.

The happy couple departed amid a shower of rice and old shoes for a short tour to Victoria, B. C. They will be at home to their friends after November 1st at Stayton, Oregon.

Andrew Jackson Purvine Dies at His Home in Salem.

Another highly respected pioneer passed to his reward when Andrew Jackson Purvine died at the home of his daughter, Mrs. J. A. Remington, cor. Winter and D streets, Salem, at 5:20 yesterday afternoon, after one week's illness from pneumonia.

Mr. Purvine was born in Morgan county, Illinois, on Nov. 28th, 1833, and therefore would have been 75 years of age on the 28th of the coming month. He came to Oregon in 1844, direct from Illinois, and has lived in this state the entire time since that date. He was twice married in this state, his second wife, who survives him, being a sister of Wm. Staiger and Mrs. A. J. Monroe.

When deceased first came to Oregon he located near Hubbard station, where he remained until about 1852, when he removed to Spring Valley, Polk county, where he has remained during which the fertile hills and valleys of old Polk have brought riches to all.

The following children, in addition to many other relatives and a great number of friends survive the dead pioneer: George, of Portland; Mrs. Percy L. Willis, wife of Captain Willis, Port Columbia, Wash.; Cyrus, of Independence; C. M., of Portland; Albert, at home on the farm; Mrs. E. T. Prescott; Mrs. J. A. Remington, Salem; Monroe, Fred.

The deceased has been almost a life long member of the Presbyterian church.

The funeral will be held at 12 o'clock, noon, Sunday, Oct. 11, at the Zena church in Spring Valley. Rev. P. S. Knight will preach the funeral sermon.—Salem Statesman.

The roses for which the North Pacific Coast is so famous are blooming with almost the freedom and perfection of early summer, and the approach of autumn has added to their coloring.

MAKE THIS UP AT YOUR HOME

Prepare at Home by Shaking Ingredients Well in a Bottle.

What will appear very interesting to many people here is the article taken from a New York daily paper, giving a simple prescription which is said to be a positive remedy for backache or kidney or bladder derangement, if taken before the stage of Bright's disease.

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Shake well in a bottle and take in teaspoonful doses after each meal and again at bedtime.

A well-known druggist here at home, when asked regarding this prescription, stated that the ingredients are all harmless, and can be obtained at a small cost from any good prescription pharmacy, or the mixture would be put up if asked to do so. He further stated that while this prescription is often prescribed in rheumatic afflictions with splendid result, he could see no reason why it would not be a splendid remedy for kidney and urinary trouble and backache, as it has a peculiar action upon the kidney structure, cleansing these most important organs and helping them to sift and filter from the blood the foul acids and waste matter which cause sickness and suffering. Those of our readers who suffer can make no mistake in giving it a trial.

William Scott, living near Independence, lost two of his fingers while working with a woodsaw Tuesday. His hand was caught in the saw teeth and the two fingers so badly mangled that it was found necessary to amputate them.

Mrs. R. M. Smith narrowly escaped serious injury from a stray rifle bullet which passed within a few inches of her head as she was sitting on the front porch of her home near Mt. Mouth. The shot had been discharged carelessly and thoughtlessly but came too near causing a tragedy for the party who fired it to deserve much leniency.

Sheriff J. M. Grant was summoned to Independence yesterday morning to bring to Dallas S. Russel, declared by his wife and son to be insane. Mr. Russel was examined before Judge Ed. F. Coad and pronounced to be perfectly sane. He was released at once and returned the same day to his home.

I have about 60 acres of first-class land for rent. Any kind of seed cleaned ready for seeding and seeder and harrows with which to do the work. ing Company and Lewis Macken approved.
Woodcock Sells Corvallis Gazette

The Corvallis Gazette is to become the property of three men who have organized a company to be known as the Corvallis Printery, says the Salem Statesman. One of them is Prof.

E. R. Lake of the Oregon Agricultural college. The office will be equipped with a new modern Mergenthaler linotype machine and other necessary fixtures. It is said that the company has in view the bulk of the job printing required by the college, which means that it will do quite an extensive business in the course of a year.
