## A Pretty Home Wedding.

A pretty wedding took place on Sunday, November 29, 1908, at the home of the bride's parents, Mr. and Mrs. H. E. Guthrie, in this city, when their daughter, Edna, was led to the altar by Mark A. Rickard of Corvallis. The rooms were tastefully decorated in white chrysanthemums and house plants. The ceremony was performed by Rev. W. A. Wood of this place.

Mrs. May Bowden-Babbitt played, while Mrs. Hero Mulkey-Clarke sang in her usual pleasing manner, "All the World Loves a Lover." Mrs. Babbitt played the wedding march as they marched down, led by the minister, and paused under a canopy arranged of white bobinet, white ribbon and chrysanthemums, where a very impressive ceremony was rendered.

The bride wore a dress of cream cloth trimmed in silk embroidered chiffon and carried an arm bouquet of pale pink and white carnations and sprigged fern. The groom wore the customary black.

Dainty refreshments were served in the parlors, consisting of pressed chicken sandwiches, olives, pickles, coffee and cake, by Mesdames Laura Tacheron and Dora Chase and Misses Lillian Bogert, Ethel Newman, Clara Olsen and Edith Wolverton. Then all were invited to the dining room, where the wedding cake was cut by the bride, after which it was served to the guests by Miss Vera Rickard, sister of the groom, and Miss Veda Mulkey, sister of the bride. The punch bowl was presided over by Miss Leatha Rickard, assisted by Miss Leta Wolverton.

Mr. and Mrs. Rickard departed in a carriage for Salem amid a shower of rice and old shoes and good wishes. They went by electric car to

Portland. They will visit other places including Vancouver and Seattle.

They were the recipients of many beautiful and useful presents, including silverware, china, cut glass, linen and many other useful things; a nugget of gold from California and a box of oranges.

They will be at home in Corvallis after January 29th, where Mr. Rickard is engaged in business.

Mrs. Mary Meade returned to Eugene Monday.  
Geo. Murdock returned to Salem Monday.

Clara Olson spent Thanksgiving with Lueda Daniel, returning to her school at Bridgeport Monday.

Miss McInnis returned Sunday from Portland, where she spent the Thanksgiving holidays with her aunt. Mr. and Mrs. A. J. Haley went to Portland Sunday, where they were called by the death of Mrs. Haley's brother, Attorney Ralph Fisher, who was murdered in his office Saturday.

## Washington County Honored.

## Good Cough Medicine for Children.

The season for coughs and colds is now at hand and too much care cannot be used to protect the children. A child is much more likely to contract diphtheria or scarlet fever when he has a cold. The quicker you cure the cold the less the risk. Chamberlain's Cough Remedy is the sole reliance of many mothers, and few of those who have tried it are willing to use any other. Mrs. F. F. Starcher of Ripley, W. Va., writes, "I have never used anything other than Chamberlain's Cough Remedy for my children and it has always given good satisfaction." This remedy contains no opium or other narcotic and may be given as confidently to a child as to an adult. For sale by P. M. Kirkland.

# OREGON BRIEFLETS

The First National Bank of Hermiston has been authorized to begin business with a capital of \$25,000.

Rus over by a wagon laden with water, Abram Dougherty, aged 60, of Moro, Sherman county, was killed last week. He got off the wagon to open a gate and fell under the wheels of the wagon.

The Railroad Commission has taken up with the Portland Railway, Light & Power Company the consideration of the matter of heating all cars in the suburban service and also providing toilet facilities on such cars.

George Clark Summers, the Methodist minister of Gardiner, was taken to Texas last week by a sheriff of that state last week. Miss Bessie Massey, with whom Summers eloped from Texas, accompanied them and will make her home with her father.

During the past fishing season several silversides that were peculiarly marked were caught in the Columbia river. It is believed these fish are from the hatcheries of Puget Sound, as there is no record of any silverside fry having been marked at any of the Oregon hatcheries.

A man giving the name of Grant Rollins appeared at the office of the chief of police of Salem, Saturday, and confessed that he had obtained property by fraud in Portland and asked to be taken into custody. He will not give his true name, but says he came from San Francisco and is a stranger in Oregon.

Driven from the home of his wife's stepfather and told to rustle for himself a few days before his wife became a mother and driven to desperation by his failure to secure work with which to provide for his wife and new-born babe, Bert Winkley, of Grant County, committed suicide. He was 22 years old.

Although the wheels of a truck bearing four tons of feed passed over the body of Peter Kalmos, a Greek, at Portland Saturday afternoon, he still lives. Both wheels went over the man and he was picked up unconscious. An examination by physicians showed that no bones were broken.

The largest and most unique walnut orchard in the state of Oregon is being planted in Lincoln county by C. M. Giddings, of Albany. Giddings has acquired large tracts of land in the Coast Range from the owners of the old Corvallis and Yaquina Bay Wagon Road grant and is planning the utilization of 320 acres in walnut culture.

For the purpose of furthering the movement having for its object the establishment of the rule by which fourth-class postmasters will hold their positions during life or good behavior, instead of being subject to change of Congressmen, the postmasters of Umatilla county met in Pendleton last week and formed a county association.

That Wallowa county has a big legal battle on its hands is evident from the appeals of the big timber companies holding large tracts of timber lands in that county, from the action of the Wallowa County Board of Equalization in the matter of assessment of the timber lands. The assessor this year assessed each quarter section of timber land at \$1000, regardless of location or of condition.

Governor Chamberlain has accepted an appointment as member of a committee of 100 composed of representatives of all the states to call upon the President, the President of the Senate and the Speaker of the House of Representatives about December 9 and notify these officials of the action taken by the "Lakes to the Gulf Deep Waterways Association." The organization favored internal waterways improvement and as a representative of a state interested in this subject, Governor Chamberlain was made a member of the committee.

Fearing delays in the reorganization plans of A. Booth & Co., of Chicago, with a subsidiary concern at Astoria, attorneys for the fishermen who were employed by the firm at Astoria have petitioned Judge Wolverton to notify W. J. Chalmers, the Eastern receiver, that after November 29, the time set for the hearing here, no farther time will be allowed the company. Something like \$24,000 is due the Astoria fishermen and the attorneys want this money paid over to the employees, or an order issued winding up the Oregon interests of the concern. Judge Wolverton, has appointed Fred Barker, of Astoria, receiver for the subsidiary concern. Property worth \$120,000 is owned by the firm in Oregon.

Goldman Anthony, a 15-year-old boy, is in jail at Baker City on the charge of arson, having set fire to three school buildings, all of which were totally destroyed, and three other buildings, two of which were also completely destroyed. The boy has confessed his guilt and says that he burned the school buildings to "get even" with his teacher, who had reprimanded him; he set fire to the other buildings because he wanted to see them burn. The losses caused by this firebug total \$35,000. Five buildings, including the magnificent new North Baker High School, were totally destroyed. His depredations have continued for a period of more than five months. W. H. Lamb, a man of 40 years, was arrested as a burglar. He is a boy. Lamb is considered a man of weak intellect. . . . lucendary grows out of the confession made by young Anthony. He has a wife and family in Baker City.

**Muscular Pains Cured.**  
"During the summer of 1903 I was troubled with muscular pains in the instep of my foot," says Mr. S. Pedlar, of Toronto, Ont. At times it was so painful I could hardly walk. Chamberlain's Pain Balm was recommended to me, so I tried it and was completely cured by one small bottle. I have since recommended it to several of my friends, all of whom speak highly of it." For sale by P. M. Kirkland.

**Worth Remembering.**  
Here is something well to remember: When a splinter has been driven deep into the hand it can be extracted without pain by steam. Nearly fill a wide mouthed bottle with hot water, place the injured part over the mouth of the bottle and press tightly. The suction will draw the flesh down and in a minute or two the steam will extricate the splinter and the inflammation will disappear.

**Mrs. Mc Raney's Experience.**  
Mrs. M. McRaney, Prentiss, Miss., writes: "I was confined to my bed for three months with kidney and bladder trouble, and was treated by two physicians but failed to get relief. No human tongue can tell how I suffered, and I had given up hope of ever getting well until I began taking Foley's Kidney Remedy. After taking two bottles I felt like a new person, and feel it my duty to tell suffering women what Foley's Kidney Remedy did for me." P.M.Kirkland.

## MANY WILL BE HELPED BY IT

Tells How To Prepare a Simple Mixture to Overcome Disease.

To relieve the worst forms of Rheumatism, take a teaspoonful of the following mixture after each meal and at bedtime:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces.

These harmless ingredients can be obtained from our home druggists, and are easily mixed by shaking them well in a bottle. Relief is generally felt from the first few uses.

This prescription forces the clogged-up, inactive kidneys to filter and strain from the blood the poisonous waste matter and uric acid, which causes Rheumatism.

As Rheumatism is not only the most painful and torturous disease, but dangerous to life, this simple recipe will no doubt be greatly valued by many sufferers here at home, who should at once prepare the mixture to get this relief.

It is said that a person who won't take this prescription regularly, a dose or two daily, or even a few times a week, would never have serious Kidney or Urinary Disorders or Rheumatism.

Cut this out and preserve it. Good Rheumatism prescriptions which really relieve are scarce, indeed, and when you need it, you want it badly.
