The expression seems general in Independence for the formation of a commercial club. There has never been the interest in the idea before that there is now, and the opinion is that there is no demand greater in the city than harmonizing the people into a working unit. One matter to be gotten into the background is references to failures of the past. Don't talk about these. Think of success in the undertaking and do not allow the failures of former efforts to rise up to embarrass you at this supreme moment. If you can't do this consult a faith doctor. This is the time when the graveyard shall claim its victims. If you are not able to inspire a little enthusiasm in your own breast for the good of the city for the coming meeting and lend your presence on that night then you had better shuffle off your mortal independence coil and lie away to a climate that is warmer than this.

The Enterprise is preparing to give a splendid premium on subscription. The announcement will be made in full next week. These stories deal with the life and early environment of Mr. Davenport, and are full of interest. The price of this magazine is \$1.00 a year. It will be given free with a year's subscription to this paper. Full announcement will appear in this paper next week. It should have been made this week, but on account of the large amount of advertising in this week's issue it was crowded out. THIS IS SAID TO HELP MANY

Mix This Simple, Helpful Recipe at Home and Try It, Anyway.

Get from any prescription pharmacist the following:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces.

Shake well in a bottle and take a teaspoonful dose after each meal and at bedtime.

The above is considered the most certain prescription ever written to relieve backache, Kidney Trouble, Weak Bladder and all forms of Urinary difficulties. This mixture acts promptly on the eliminative tissues of the Kidneys, enabling them to filter and strain the uric acid and other waste matter from the blood which causes Rheumatism.

Some persons who suffer with the afflictions may not feel inclined to place much confidence in this simple mixture, yet those who have tried it say the results are simply surprising, the relief being effected without the slightest injury to the stomach or other organs.

Mix some and give it a trial. It certainly comes highly recommended. It is the prescription of an eminent authority, whose entire reputation, it is said, was established.

A druggist here at home, when asked, stated that he could either supply the ingredients or mix the prescription for our readers, also recommends it as harmless.

Arch Sloper was in town Monday from the farm. Arch and his brother are fitting up an "automobile" wood-saw which they will use around in the neighborhood sawing up wood for the farmers. Sloper Brothers expect to return to Wilsonville soon to resume well-drilling operations. They had some bad luck in the wells put down in that section of the country. They are still fishing for a string of tools which they lost in the last well worked on.
