POLK COUNTY TO THE FRONT

SEASON OF PROSPERITY PROMISED TO INDEPENDENCE

Commercial Club is Organized with Large Roll of Membership and Business Interests Are Combined for a Working Unit.

Saturday night witnessed the completion of the organization of the Independence Commercial Club with a large membership and a strong body of officers, composed of the best business element of the city. Dr. O. D. Butler was unanimously elected to the office of president. The other officers are H. Hirschberg, vice president; W. T. Hoffman secretary; Roy DeArmond, treasurer; J. S. Bohannon Ross Nelson, D. W. Cummins, P. M. Kirkland and W. L. Bice, Board of managers.

In merging the old Commercial club into the Independence Commercial Club all property of that institution was taken over and the airy quarters which have been the home of the Century during the last year are now the quarters of the Independence Commercial Club.

Oregon's Hop Shipments

Hop shipments from Oregon since the opening of the crop year have been 71,059 bales. This is a decrease of 18,591 bales from the quantity shipped in the corresponding period of the previous season. The shipments by months in the two seasons compare as follows:

	1907-8	1908-9
September	2,917	2,542
October	19,937	19,967
November	21,976	16,826
December	26,848	19,652
January	17,972	12,072

Total 83,650 71,059
There are only about 8,000 bales of the 1908 crop remaining in first hand. A considerable quantity is held in the State by dealers and speculators, but the uncertainty as to the figures makes it difficult to form an estimate of the yield last year.—Waterville Times.

Foley's Honey and Tar clears the air passages, stops the irritation in the throat, soothes the inflamed membranes, and the most obstinate cough disappears. Sore and inflamed lungs are healed and strengthened, and the cold is expelled from the system. Refuse any but the genuine in the yellow package. P. M. Kirkland.

New Plow on Market

Leonard Krebs has returned to San Francisco and will probably open an agency in Santa Rosa for the celebrated Krebs ploughs. Though these are comparatively new in the market they have gained a wide reputation as ploughs which will do peculiarly efficient work in hop fields in the minimum time.

Several of these have been made and are now in San Francisco to which place Leonard Krebs will go first and take charge of the product preparatory to getting the finished work ready for the California market. If they pass well there they will be put into use in Oregon.

Conrad Krebs is also in California.—Salem Statesman.

DeWitt's Little Early Risers, gentle easy, pleasant little liver pills. Sold by the Williams Drug Co.

Gilliam Was Oregon Pioneer

Mrs. F. M. Collins received news yesterday of the death of her brother, William Smith Gilliam, at his home in Walla Walla yesterday morning, aged about 80 years, says Dallas Observer. His demise leaves her the only surviving child of General Cornelius Gilliam.

Smith Gilliam was born in Missouri in 1829 and crossed the plains to Oregon with his parents in 1844, settling with his father near Dallas, on what is known as the Levens place.

In the late forties he spent a short time in the gold fields of California afterwards returning to Oregon where he was married to Miss Ethel Taylor. He served for about four years as sheriff of Polk county and was a representative in the legislature during the latter years of the territorial government in Oregon.

In 1859 he moved to Washington, settling near Walla Walla, where he went extensively into the farming and fruit raising business with great success. In the Washington as the first sheriff of Walla Walla county and in 1862 he was one of the representatives in the Washington legislature. During the latter years of his life he retired from active business and moved to Walla Walla, where he resided until his death. He is survived by his wife and five

children: Mrs. Ellen J. Day and Miss Mary Gilliam, of Walla Walla; Lane Gilliam, a mining engineer, of Mexico; Judge Mitchell Gilliam and Marcus Gilliam, of Walla Walla. His other son, Benjamin, was killed only a little more than a year ago by robbers, whom he was attempting to prevent from holding up a bank in which he was employed.

Funeral services over the remains of Smith Gilliam will be held tomorrow and the funeral will take place in Walla Walla.

Foley's Orino Laxative cures constipation and liver trouble and makes the bowels healthy and regular. Orino is superior to tablets and pills as it does not gripe or nauseate. Why take anything else? P. M. Kirkland.

It Was a Hit.

Homer Davenport's story of his boyhood life in Oregon begun in the January issue of Human Life made the hit that was predicted for it and Mr. Davenport sustained his reputation for humor and wit and his ability to entertain. See our ad. "The Oregon Magazine Hit of 1909" on another page. It will pay you to read it. It is given absolutely free with a year's subscription to the Enterprise during the month of February and March. Pay a year in advance and get the magazine.

\$100 REWARD \$100

The readers of this paper will be pleased to learn that there is at last one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that fails to cure. Send for list of testimonials.

What Papers Do You Read?

?

H. B. Geer tells of a farmer who once said: "I don't believe in your book learning, study and all that; I'd rather learn by experience." He did. That man a couple of years later lost out as a farmer, and moved to town, where he made a very poor living working by the day and doubtless working for men who studied and read and thought about their business, and applied in it, as far as practicable, that which they had learned from books, periodicals and the experience of others given therein. It is the men who read; the men who study; the thoughtful men who support the farm journals. They are the men who read books and papers on agriculture, fruit growing, poultry culture and bee-keeping. They are the men who stand in the front rank; the leaders in their respective communities. These men have found that it pays to read and study on any subject in which they are interested and apply their knowledge in their everyday work.

THE PACIFIC HOMESTEAD

is published for this class of farmers and stock raisers. Every week it contains articles by men who KNOW. Practical experience is what counts and you get it from others through the Pacific Homestead, published at Salem, Oregon, each Thursday. Subscription price \$1 per year, sample copy free.
