## BECOMES VIOLENT MANIAC

Portland Youth Receives Rough Treatment at Eugene

Ralph Bristol a student of the University of Oregon is alleged to be violently and hopelessly insane as the result of hazing last winter which followed his tardy appearance at breakfast at the University where certain students, it is alleged had made agreements to haze late comers. Bristol was forced into a tub of ice water and held there until his senses left him. He never recovered from the shock and was brought to Portland for treatment. He escaped from his attendants during the storm of January and was found wandering about several days later a violent maniac, with no hope of recovery. It is alleged that five students or more are involved.

(Students well acquainted with the habits of young Bristol, who was a Freshman, are firm in the belief that his dementia was the direct result of overstudy. They claim he pored over his books all the time without relaxation. One well-known student declares that Bristol resented any intrusion and had been known to lie on the couch with rocks and open knife beside him. This was long before the bathtub episode which the unfortunate young man took as a huge joke at the time, and according to students he made a little facetious speech after his immersion.)

Sometime previous to this incident young Bristol handed a classmate a letter which said classmate was not to open until he arrived in Portland. When the student did open it he found a rambling incoherent jumble of words about the 'metropolis'. While still there he received a telegram from Bristol of the same unintelligible purport.—Eugene Herald.

### HIGHLAND

(Too late for last week)  
C. E. Nash spent Saturday, Sunday and Monday with his parents at Buena Vista.

Will Shafer and family spent Sunday with his parents here.  
Land buyers who wish nice comfortable homes still have their eyes on Highland. There were two transfers made here last week.

Joe Laundree sold his farm consisting of 22 acres, a house and barn for \$1500.

S. H. McElmurry sold 94 acres with improvements and crops for \$5500. We are glad to welcome the new purchasers among us.

S. H. McElmurry still has ill luck as the straw stack which toppled over onto his goats during the winter killing three of them, again toppled over onto three hogs and two goats Tuesday, killing them instantly. Some more hogs and goats gone to join the

spirits of their long departed friends.

Don Dickinson is rapidly becoming an experienced nurse as he has a sick horse which he has been doctoring since Friday night.

If any one should need any eye wash call on Oren McElmurry or Gail Alexander, as they have a full supply on hand at present.

Joe Laundree intends occupying the Silas Compton house until later in the spring or until the weather settles when they intend moving to Boring.

The following named Highlanders were transacting business in Independence Tuesday, Mrs. Peter Shafer, Mrs. Joe Laundree, Mr. and Mrs. Valiere and Mr. and Mrs. Ewing.

Don't forget the Basket Social on Friday night, March, 12.

Foley's Honey and Tar cures cough quickly, strengthens the lungs and expels colds. Get the genuine in a yellow package. P. M. Kirkland.

### Bunchgrass County Wakes UP

A series of the most enthusiastic meetings ever held in Eastern Oregon and Washington are being held under Tom Richardson of the Portland Commercial bodies. Addresses by Manager Tom Richardson of the Portland Commercial Club on the advantages to be derived from publicity work have resulted in the raising of generous sums in but thirteen minutes. Walla Walla subscribed \$8,000 before undertaking a great advertising campaign. Milton, Oregon, got \$1,000 in a quarter hour with \$500 more in sight—Freewater and Milton will co-operate in their campaign. The most spirited meeting held by the Pendleton Commercial Association in six months—and they have been actively at work during the past year—outline plans along even broader and more vigorous lines. W. A. Moore was elected president.

### Near Death in Big Pond.

It was a thrilling experience to Mrs. Ida Soper to face death. "For years a severe lung trouble gave me intense suffering, she writes, "and several times nearly caused my death. All remedies failed and doctors said I was incurable. Then Dr. Kings' New Discovery brought quick relief and a cure so permanent that I have not been troubled in twelve years." Mrs. Soper lives in Big Pond, Penn. It works wonders in Coughs and Cold, Sore Lungs, Hemorrhages, LaGrippe, Asthma, Croup, Whooping Cough and all Bronchial affections. 50c and \$1. Trial bottle free. Guaranteed by all druggists.

### Sidelights From Highland

To the Editor:  
We would like to inform the sarcastic but eloquent correspondent at Rickerall that the report in last week's issue of land selling at \$5 per acre in Highland; was not one of our items but was simply an addition made by some other party.

We are sorry that the principal of the Rickerall school so far neglected his pupils as to refuse to give them instructions in social usage.

Very Respectfully  
Highland Correspondent

## NOW IS BEST TIME TO TAKE

Directions To Prepare Simple, Yet remarkable Home Mixture

A well-known authority on Rheumatism gives the following valuable, though simple and harmless, prescription, which any one can easily prepare at home:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces.

Mix by shaking well in a bottle and take a teaspoonful after each meal and at bedtime.

He states that the ingredients can be obtained from any good prescription pharmacy at small cost, and, being of vegetable extraction, are harmless to take.

This pleasant mixture, if taken regularly for a few days, it is said to overcome almost any case of Rheumatism. The pain and swelling, if any diminishes with each dose, until permanent results are obtained, and without injuring the stomach. While there are many so-called Rheumatism remedies, patent medicines, etc., some of which do give relief, few really give permanent results, and the above will, no doubt, be greatly appreciated by many sufferers here at this time.

Inquiry at the drug stores of this neighborhood elicits the information that these drugs are harmless and can be bought separately, or the druggists here will mix the prescription for our readers if asked to.

## New is the time to visit California

When summer has passed in these northern states, the sun is only mild under the bright blue skies of Southern California. This is one of nature's happy provisions — eternal summer for those who cannot endure a more severe climate.

California has been called the "Mecca of the winter tourist." Its hotels and stopping places are as varied as those of all well regulated cities. Visitors can always find suitable accommodations, congenial companions, and varied pleasing recreations.

### SOUTHERN PACIFIC CO

Will be glad to supply some very attractive literature, describing in detail the many delights of winter in California.

The rate from Independence to Los Angeles and return is \$58.90.

Limit six months, allowing stopovers in either direction. Similar excursion rates are in effect to all California points.

For full information, sleeping car reservations and tickets, call on telegraph, or write G. A. Wilcox, Agent, Independence, or Wm. McMurray, Gen. Pass. Agt., Portland, Oregon.
