

Smart Styles, Boys and Childrens Clothes

You'll not be able to find more stylish or appropriate spring suits for boys and young men than at this store—The people of Polk county are learning that this is the store to visit first when style and quality are considerations—This spring we are showing the largest stock of boys' clothes outside of Portland—We've so many styles, with so many new and attractive features, that customers get enthusiastic in looking them over. And when a purchase is made, there is no question of the selection being the right one.

One pair of **EXTRAGOOD**

knee pants will stand up against more sliding and kneeling, or climbing and straining than two pair of unlined and flimsily finished Knickerbockers. The trousers with all our boys' suits

are lined through—That means practically double wear, besides holding the shape doubly as well and the quality of the material regulates the different prices. We **ABSOLUTELY GUARANTEE** all suits at from \$5.00 to \$10.00.

There is more individual feature in our boys' suits than in any other make. The label means that they must please: if they don't, please us by returning an unsatisfactory purchase. It's easier to replace a suit than a customer.

We invite you to come and examine the Cleverest, the smartest apparel ever planned for Boys and Young men, and shown only at this store.
