"A dog sat out in the moonlight chill, howling at the beaming moon; his knowledge of music was strictly nil, and his voice was out of tune. And he howled and howled as the hours went by, while dodging bricks we threw, till the moon was low in the western sky, and his voice had split in two. And there wasn't a thing at which to howl, over which a fool pup should weep, and the course of the dog was wrong and foul, and the people were wild to sleep. There are plenty of men like this foolish hound, who yell when there is nothing wrong, disturbing the town with senseless sounds—the pessimist's doleful song."

Of Interest to Farmers and Mechanics.

Farmers and mechanics frequently meet with slight accidents and injuries which cause them much annoyance and loss of time. A cut or a bruise may be cured in about one-third the time usually required by applying Chamberlain's Liniment as soon as the injury is received. This Liniment is also valuable for sprains, soreness of the muscles and rheumatic pains. There is no danger of blood poisoning resulting from an injury when Chamberlain's Liniment is applied before the parts become inflamed and swollen. For sale by P. M. Kirkland.
