

WANT REPAIRS MADE ON ROADS

Owners of automobiles and buggies who have occasion to make the trip frequently between Independence and Salem have requested the Enterprise to call the attention of the road supervisor to the horrible condition the road is left in at the crossing of the right-of-way of the Salem and Falls City railroad in the vicinity of Eola. They claim that it is almost impossible to get over the grade at that point. It is the general supposition that the railroad contractors should make provisions for getting all crossings over public roads in good shape and it appears that in this case it has been overlooked, whether intentionally or accidentally we are unable to say. It is further claimed that unless this crossing is put in shape prior to the opening of the Cherry Fair at Salem a good many who would run over daily from this city, will not go on account of this bad piece of road.

Wanted—The Real Stuff

The McMinnville Telephone-Register tells the following good one on a Polk county couple who were in Portland spending their honeymoon during the recent Rose Fair. Going to one of the swell restaurants and wishing to show that he was something of a high-roller since his county went dry, haughtily called for wine. He was asked what kind and replied: "We want that kind where the cork bursts out and the stuff begins to bile and keep on billing till you get the worth of your money."

To His Wife

Perhaps the wife, whose remains lie beneath the following epitaph, would be pleased at the sentiment could she read it once; could she read it twice she would probably look for the broom-stick—and her husband: "Thou hast gone before me To thy last, long sleep; Tears cannot restore thee— Therefore I weep. By her husband." July Lippincott's

Have Been Licensed to Wed

The following marriage licenses were issued by the county clerk last week: Robert E. Shepard and Jessie Hunter, Paul E. Baker and Myrtle McReynolds, Hugh Guthrie and Linnie G. Murphy, Robert Allen and Mary Williamson, Edward Molkie and Ella E. Leonard.

Proper Treatment for Dysentery and Diarrhea

The great mortality from dysentery and diarrhea is due to a lack of proper treatment at the first stages of the disease. Chamberlain's Colic, Cholera Remedy is a reliable and effectual medicine and when given in reasonable time will prevent any dangerous consequences. It has been in use for many years and has always met with unvarying success. For sale by P. M. Kirkland.

Wild Blackberries Ripe

Several berry picking parties have been out this week and in almost every instance they returned home with their baskets filled with luscious berries. The largest patch near Independence is across the river, in the low lands, from which scores and scores of gallons are annually picked. So far reported the crop is good this year, but not as heavy as two years ago. The berries begin to ripen in the warm spots of the fields and woods in the valley during the last of June, while back in the mountains it is August before any large quantities ever turn red.

Had a Long Tramp

Last Wednesday a party of young men from Falls City passed through Independence on their way home from a week's fishing trip. The party was composed of C. D. Cochran, J. L. Barber, G. W. Taylor and Paul Bundon. On leaving Falls City they went via Black Rock to the North fork of the Siletz river which they followed up for some distance. From there they crossed over Lookout mountain to the head of Drift creek and then down Spooner creek to the bay in the vicinity of Newport, coming home by Corvallis. The trip was made on foot City to the bay, carrying their camp through the mountains from Falls City to the bay, carrying their camping outfit and supplies on their backs. They report plenty of trout in the streams this season. The boys left here on the motor for their home.

Where to Celebrate

Dallas will start the ball rolling on the 2d and will wind up with a whirlwind finish on the 3d.
Harrisburg will make the eagle scream on Saturday, July 3d.
Lebanon will celebrate on Saturday July 3d.
Corvallis will have a rousing celebration on Monday, July 5th. The business men of Corvallis, who never do things by halves, raised a purse of over \$1500 for the occasion.
Forest Grove will take a four days whack at it and will celebrate July 1, 2, 3 and 4th.
Jefferson will celebrate on Monday.

Probate Court Doings

The following is a summary of the business transacted by the probate court last week:
Estate of Sarah McQuerry, deceased. J. H. Gray, W. F. King and J. H. Haur, appointed appraisers of property in Crook county: W. H. Cecil, C. T. Carey and Robert Reed appointed appraisers of Harney county property.
Estate of Mary E. Conlee, deceased. Final account approved and administrator discharged.
Estate of Patience Bently, deceased. Final account approved; administrator discharged.
Estate of Sarah M. Gibson, deceased. Final accounts approved; administrator discharged.

Sees Mother Grew Young

"It would be hard to overstate the change in my mother since she began to use Electric Bitters," writes Ms. W. L. Gilpatrick of Danforth, Me. Although past 70 she seems really to be growing young again. She suffered untold misery from dyspepsia for 20 years. At last she could neither eat, sleep nor drink. Doctors gave her up and all remedies failed until Electric Bitters worked such wonders for her health. They invigorate all vital organs, cure liver trouble, induce sleep, impart strength and appetite. Only 50 cents at all druggists.

Going Some

Every few days someone breaks the record for handling the truth in a careless manner. Last week a Polk county man, who resides at Falls City came to the front with a record breaker. James Chamberlain is his name and we hardly think that he came from Missouri. That gentleman, in accounting for the shortage in his strawberry crop, makes the announcement that he has discovered that ants are stealing his berries and taking them up the trees and feeding them to the green aphids.

GET HOME SAFELY

Delegates to Grand Lodge K. of P. Are Back From Pendleton

W. L. Bice and A. C. Moore returned home last Friday from Pendleton, Oregon, where they went to attend the meeting of the grand lodge Knights of Pythias which was in session there Tuesday and Wednesday of last week. They went as delegates from Homer Lodge, No. 45, of this city. Mr. Moore, in speaking of the trip, is loud in his praise of the manner in which the people of Pendleton entertained them while there. He also expressed great surprise at the evidence of prosperity visible on all sides en route, and especially in the city of Pendleton. He believes that this city will without doubt rank as the metropolis of Eastern Oregon. The new grand lodge officers elected were: Frank Menefee, of The Dalles, Grand Chancellor; Darwin E. Yorran, of Eugene, grand vice chancellor; George Schulmerich, of Hillsboro, grand prelate; R. L. Stinson, of Salem, G. K. R. S.; J. W. Maloney of Pendleton, G. M. E.; F. H. Rosenberg, of Cottage Grove, grand master at arms; George W. Knight, of Hubbard, grand inner guard; F. M. White of Klamath Falls, grand outer guard. Gus C. Mosler, retiring grand chancellor, was chosen as a trustee and L. M. Curl, a past grand chancellor, was chosen as supreme representative to fill the vacancy caused by the expiration of the term of W. M. Cook.
It will be noticed that this section of the state was well represented in the personnel of the grand lodge officers.

Change Their Minds

W. W. Percival and George Brown, who started their horses for the races at Marshfield last week, changed their minds when they got to Portland and went to Seattle instead where there will be a twenty days' meet. St. Salvina and Miss Condon are there from Percival's stable and Geo. Brown has with him Her Farewell there today.

RAIN STORM SPOILS GAME

(Continued from first page.)

a hot one to third which was fumbled and he reached first. Dooly hit the first ball sent over to the short who was slow in handling it and let both Walker and Dooly get their bases. Craven hit safe for three bags, scoring Walker and Dooly. Force fanned while Stine walked. Fluke hit to short and got first in the attempt to cut Craven off at home plate. Baker hit safe and Stine scored. Berry failed to find the ball and Leo hit safe scoring Fluke and Baker. Leo attempted to steal second and was thrown out.

In the seventh inning Dallas had only three men up, W. Barham going out on a fly to Stine, C. Boydston on one to Lee and Nelson being thrown out at first by Berry.
In the last half of the seventh, Boydston, the catcher for the Dallas boys, was hit just over the heart by a foul ball and was hurt so badly that he was forced to retire from the game. A man from the field was put in his place and the new combination succeeded in shutting the Independence aggregation out.

The Dallas team, realizing that the were most woefully beaten, undertook in the eighth to make a farce of the game by putting in a wooden man to pitch. The presumption is that they resorted to these tactics in order that they might have some excuse for their defeat. Such a baby act as this is what kills legitimate base ball in any place and great surprise is expressed that the team from Dallas would do an act of the kind as they have always had the reputation of being good sports.
