OUR TEAM TOOK THEM INTO CAMP

The foot ball team of the Independence Athletic Club returned Monday morning with the scalps of the Toledo and Newport teams, the Toledo game having been played Saturday and that with Newport, Sunday. The Toledo score was 17 to 0 and at Newport 43 to 0. What do you know about that?

Toledo gave the better resistance of the two games, but the team was too light for Independence and they were carried before our players like children. Toledo has the making of a good team with the addition of weight and the work of a good coach. Newport gave promise of taking the

game Sunday, their team being picked from Toledo, Yaquina and Newport. The weight was there but they moved like an ox team.

At Toledo Williams scored two touchdowns, Emerick one and Captain Pomeroy a goal, totaling 17.

Forced into Exile.

Wm. Upchurch of Glen Oak, Okla., was an exile from home. Mountain air, he thought, would cure a frightful lung-racking cough that had defied all remedies for two years. After six months he returned, death dogging his steps. "Then I began to use Dr. King's New Discovery," he writes "and after taking six bottles I am as well as ever." It saves thousands yearly from desperate lung diseases. Infallible for Coughs and Colds, it dispels Hoarseness and Sore Throat, Cures Grip, Bronchitis, Hemorrhages, Asthma, Croup, Whooping Cough, 50c and \$1.00, trial bottle free, guaranteed by all druggists.

DON'T FORGET THE CHILDREN

The great state of Oregon is growing in population each year, and as in other states, the needs of the charitable institutions are greater. Among these is the Boys' & Girls' Aid Society, whose sheltering arms reach out and help the needy little folks. It has now nearly 600 dependent children under its care placed out in family homes in all parts of the state, and more are coming in every day. The receiving home of the society is taxed to its utmost capacity, sixty on hand was its daily average the past year. The society has found it necessary to enlarge its present quarters and have built a wing to the

original building containing fifteen rooms, at a cost of nearly \$7000. \$2000 of this amount was appropriated by the state and the balance made up by voluntary contributions from philanthropic people of the city of Portland. But this building has to be furnished, so the wants of the institution are greater than ever this year. The four dormitories containing ten beds each, the management hopes will be furnished by the county courts, the cost of furnishing each dormitory being \$175. Already Wasco county has furnished one and Yamhill another, but there are still two empty, also the following rooms: Reception room \$110, assembly \$100, dining \$50, reading \$40, and four single rooms at \$60 each. Superintendent Gardner says that any person who would see fit to furnish one of these rooms as a memorial to some departed friend or relative will receive the full credit and an inscription stating the donor and object will be suitably inscribed on a tablet in the room. Those who wish to assist by a small contribution will receive the gratitude of the management.

Besides the above, bedding, groceries, canned goods of all kinds, fruit and vegetables will be very acceptable as heretofore, and during Thanksgiving week will be carried free by both the railroad company and Wells Fargo Express Co., also by steamboats running into Portland. The children of the public schools will remember that their annual gifts are looked forward to by all the children of the "Home." All packages should be plainly marked "Boys' & Girls' Aid Society, Portland, Oregon."

Owls Re-organize.

"The Owls" met with Dr. and Mrs. Butler on Thursday evening of last week and reorganized to meet fortnightly during the winter. L. Damon

is president of the club and G. W. Conkey is score keeper. The prize winners were P. H. Drexler and Mrs. L. Damon.
