INDEPENDENCE, OREGON, FRIDAY, NOVEMBER 26, 1909.

NUMBER 26

SIXTEENTH YEAR

FLOOD REACHES 25 FOOT MARK

BOTTOM LANDS SUFFER MUCH
DAMAGE.

Unexpected and Phenomenal Rise of
Willamette Causes Destruction of
Property and Crops Amounting to
Hundreds of Thousands of Dollars.

The most phenomenal rise of the
Willamette river occurred this week
when the water came within two
inches of the high water mark of the
fall of 1905. The crest of the flood
came about 2 o'clock Thursday morn-
ing when it is thought to have regis-
tered about twenty-five feet.

Damages from the flood are gener-
al and will probably cost the farmers
of Willamette valley bottoms more
than at any other high water period
in the history of the country, owing
to the suddenness of the rise and the
lack of preparation for it. Orchard
and garden products were not yet
gathered in and these were swept
clean from fields and orchards. Hop
growers are heavy losers. Most of
them were caught with trellis poles
on the ground preparing to set them
and these were all lost. The heaviest
loss so far reported was Donald Mc-
Carthy who lost 1700 poles. Most of
these were set in the holes ready to
be tamped when the flood came and
floated them away. Numerous in-
stances similar to this are reported.
Considerable loss of live stock is ex-
pected.

A raft of a quarter million feet of
logs got away from the saw mills at
Corvallis Monday night and by this
time they are probably in the Pacific
ocean. To give some idea of the
swiftness of the current during the
rise of the river the raft of logs left
Corvallis at 5 in the evening and they
passed Salem at 3 in the morning fol-
lowing.

The heaviest loss of hops was 530
bales at the Rose yard, valued at \$20,
000. Other smaller losses are also
reported, Davidson & Hedges losing
four bales. Only part of these will
be lost since they were not wet
through. They also lost a few head
of stock. James Collins lost thirty-
five head of goats which were cut off
from land when the flood came. This
was about half the bunch, the others
having been rescued by Mr. Collins.

It is likely that there will be a
wood famine since most of the wood
not delivered to town was ricked up
on the bottoms and this has probably
all drifted down the river.

Judge Galloway Holds Court.

W. C. T. U. Meets.
A parlor meeting under the aus-
pices of the Woman's Christian Tem-
perance Union was held at the home

of Mrs. C. C. Davis last Saturday af-
ternoon. Mrs. Helen Hartford, nation-

profitable afternoon was enjoyed. The
officers for the ensuing term were
elected and are as follows: Mrs. Ce-
lia Davis, president; Mrs. Pearl We-
ber, corresponding secretary; Mrs.
Martha Richardson, treasurer; Mrs.
Whitcomb Kurro, recording secreta-

In the evening, at the M. E.

well attended, considering the little
time had to advertise it. Three new
members were added to the union.
It is requested that all members and
everyone who desires a clean town

dry in 1910, shall aid in the work of

PUT OUR TOWN UPON THE MAP

CITY IS NO BETTER THAN HER
RESIDENTS.

Results for Betterment Are Based
on Efforts Individuals Show and
Their Activity in Boosting Natural
Advantages That Surround Us.

Few people have any definite idea
of the amount of Salem's growth dur-
ing the past year and of the develop-
ment round about that city. All are
profiting by the era of prosperity that
is upon us, and all should help along
in this fight for a greater Salem and
a greater Oregon, says Salem States-
man. Many are helping in this great
work and others would be if they
knew what to do or had a plan of
action. The suburban push clubs
have done a great deal. The fruit-
growers' organizations have also done
a vast work. The Grange, the Farm-
ers' Institute, the good roads meet-
ings, and schools, the churches and
every element of society has done a
part at deal and has much more to do
in this work of making our commu-
nity prominent on the map.

Secretary Hofer, of the Board of
Trade, hands out the following per-
tinent points and suggestions relative
to this work for betterment, based on
results of activity in the boosting
work all over the country:

Our Town and the Map.

Where is our town and county on
the map?

Wonder who sees it?

Who knows our town is on this
map?

Who cares—other than our home
folks?

What does our town mean, indus-
trially, to America?

Anything?

What is its rank in the American
town development game?

What's the score?

Are we really in the game?

Boys, it is almighty important, the
position our town takes in this race
for supremacy among towns.

And the old town cannot fight her
battles without you and me to boost.
We can boost, at least, if we do not
build.

No town is better than her men.
No town ever went ahead without
men to push her ahead.

A lazy farmer allows his crops to
run to weeds—

A lazy townsman allows his town
to run to weeds—literally and figura-
tively.

Weeds and crops do not come on
well together. Weeds and town de-
velopment do not know each other.

Let's cut down the weeds.

Let's cultivate our ground.

There is a reason for our town be-
ing on the map, else it would not be
there.

Let us study our town a little.

Find out why we are on the map;
why you and I and our neighbors set-
tled in this spot instead of some other.

In making that inquiry we prob-
ably will discover reasons why other
persons, other business men would
like to live and do business in our
town. We will discover our advan-
tages.

After we know our town, let's tell
others; let's pass the information
around; send it abroad.

Let's work for our town.

Our private business is important,
but must not be neglected, but our
business interests are inseparably as-
sociated with the welfare of the town.

If the town prospers, we will have
a better chance to prosper.

If we are making good now, what
could we do in far more favorable
circumstances? What are you and I
willing to do to make our town more
prominent on the map.

Portland is
outclassed

Again the Independence Athletic
Club football team demonstrated their
ability in the field against all comers
yesterday afternoon when they defeat-
ed the Multnomah Addition team by

a score of 20 to 5. The Portland
team was outclassed in every partic-
ular but in weight. The star players
for Independence were Mattison, Pom-
ero, Williams and Emerick. Mattis-
son's playing was almost faultless
with the exception of an attempted
forward pass when the ball was deliv-
ered to the opponents who scored a
touchdown. They failed to kick goal.
Pomero and Eldridge were injured
in the latter part of the last half of
the game and were carried from the
field.

DEBATES GIVE
MORE PROMISE

Principals of the different high
schools of the county and of schools
doing work above the eighth grade
met in the office of the county school
superintendent at Dallas Saturday
last and completed plans and arrange-
ments for debating work for the
county this year. They are working
along the same lines as last year,
when the value of the work of the
High School Debating League was
so thoroughly demonstrated. J. E.
Dunston, principal of the Falls City
High School, who was president of
the league last year, was re-elected
and Superintendent H. C. Seymour
was also re-elected as secretary of
the league.

There will be twelve teams in the
league this year and the triangular
system of debating will be followed.
The first debate will be held in Jan-
uary, the second in February and the
third in March, the debates to take
place the first of the months named.

A cup has been offered to the
team winning the championship for
the county and if won two years in
succession by the same team, to be
the property of that school. Gold, sil-
ver and bronze medals will also be
given as premiums to successful de-
baters.

Much interest has been shown in
the work by members of the different
schools and everything points to a
successful year's work in the league
this year. Programs for the differ-
ent debates, also questions for debate
and other arrangements will be pub-
lished later.

Farewell to Miss Boyle.

A farewell reception to Miss Mu-
riel Boyle was tendered Saturday ev-
ening at the home of Prof. and Mrs.
McIntosh, prior to her leaving with
her parents for Seattle. The evening
was pleasantly spent at games. Miss
Boyle was presented with an Indepen-
dence High School pennant in remem-
brance of her school days here. Delic-
ious refreshments were served. Only
teachers and pupils were present.
