

## CURE FOR KIDNEY TROUBLE

No Need to Take Any Further Risks. Why will people continue to suffer

the agonies of kidney complaint, back ache, urinary disorders, lameness, headaches, languor, why allow themselves to become chronic invalids, when a certain cure is offered them?

Doan's Kidney Pills is the remedy to use, because it gives to the kidneys the help they need to perform their work.

If you have any, even one, of the symptoms of kidney diseases, cure yourself now, before diabetes, dropsy or Bright's disease sets in. Can Independence residents demand more convincing proof than the following:

S. M. Ray, Main St., Dallas, Ore., says: "The public statement I gave in favor of Doan's Kidney Pills in 1907 still holds good. For a long time I had backache and could get no relief. I felt all tired out and I knew that something was wrong with my kidneys. Before I had taken Doan's Kidney Pills long, I felt better and the lapse of time has proven my cure to be a permanent one. Doan's Kidney Pills are a most efficient remedy in case of kidney trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the Unit-

ed States. Remember the name—Doan's—and take no other.

### Oilum Cum Dignitate

On the motor car from Dallas one evening recently came from Portland one August Sperling, one Jesse Whiteaker and one George Dunham. Mr. Dunham returns to Independence after an absence of several months. The conductor on the Independence-Dallas Limited reports that the trio came via blind baggage and that he was compelled to adopt most strenuous measures to vacate the car, even after it was run into the shed. This is the conductor's side of the story. Messrs. Sperling, Whiteaker and Dunham claim that their transportation was regular and in full and strict compliance with the regulations of the board of railroad commissioners, and that in occupying the baggage compartment of the Pullman de Hirschberg they were complying only with a desire for close companionship in oilum cum dignitate. The Enterprise is inclined to the latter opinion.
