EVENTS OF FRATERNAL ORDERS

A delightful occasion Saturday evening was the visit to Dallas of half a hundred Odd Fellows from this city and a number from Monmouth. It was just one of those fraternal visits in which a large delegation journeyed to Dallas to witness initiating of candidates of Dallas and from this city. Candidates from Independence were Prof. J. G. McIntosh, Edward Rex, M. R. Black, Claude Hubbard and Robert Grounds. These with a candidate of Dallas were allowed to witness the beautiful and impressive lessons of the second degree of the order. After the business session of the lodge was disposed of the spacious home of Friendship lodge was converted into a banquet hall when the inner man was replenished with the delicacies of the season, followed by a smoker. Friendship lodge of Dallas did herself proud on this occasion, sustaining its reputation for genuine hospitality.

The large delegation from Independence went to Dallas by special train, returning at 1:30 a. m. Sunday morning.

REBEKAHS' BANQUET

Another of their successful social sessions, combined with initiation of four candidates into the order, was the occasion of the gathering of Rebekahs in the beautiful home in Odd Fellows hall Monday night. Dr. and Mrs. L. L. Hewitt and F. A. Williams and Mrs. Williams were introduced through the impressive ceremonies incident to initiation, to the fraternal brotherhood and sisterhood of the order.

Following the initiation service a splendid banquet was spread to which about seventy-five Rebekahs assembled and did ample justice to the viands. Games were indulged in until a late hour. The evening was one full of interest and enjoyment every minute of the time.

KNIGHTS PROMISE ENJOYMENT

An event of promise is the banquet and social session of the Knights of Pythias which is to take place in their home over Hanna Bros. store Monday, February 14. At this time the Knights will have with them a few friends with whom they will share a program of music followed by one of those exceptional banquets which only the K. P. boys know how to serve. It is not announced, but it is safe to predict that the bill of fare will run the gamut of the season. Ice cream and angel cake, oranges and bananas, nuts, punch and Havanas—probably all these and then some.

Won't Need a Crutch.

When J. P. Soesman of Cornelius, N. C., bruised his leg badly, it started an ugly sore. Many salves and ointments proved worthless. Then Bucklen's Arnica Salve healed it thoroughly. NO HEIRS CLAIM ESTATE

Henri Alexander, a resident of Polk county, the past forty-one years living on the Jones donation claim, died Sunday afternoon, January 23, at 1:30 at the age of seventy-one years, four months and ten days. He was born at New Orleans, Louisiana, and was in early life a seafaring man. He came to Polk county about 1868, landing in Independence. Shortly afterward he bought the farm near McCoy upon which he died. He is personally and intimately known here by three or four of the old-timers of Independence. The estate of deceased which is near McCoy, is said to be of considerable extent, and it is reported that no heirs are living to claim it. Mr. Alexander lived through life a single man and was of an eccentric turn.

Funeral services were held at Bethel cemetery Tuesday, January 25, at 2:30 p. m., in charge of Cottage undertaking parlors of this city.

PASSED JANUARY EXAMINATION

County School Superintendent H. C. Seymour reports that the following pupils have successfully passed the January examination for the eighth grade:

Many pupils who wrote on this examination passed in all but one or two subjects and they can write on these at the May examination.

A COMMON COLD

We claim that if catching cold could be avoided some of the most dangerous and fatal diseases would never be heard of. A cold often forms a culture bed for germs of infectious diseases. Consumption, pneumonia, diphtheria and scarlet fever, four of the most dangerous and fatal diseases, are of this class. The culture bed formed by the cold favors the development of the germs of these diseases, that would not otherwise find lodgment. There is little danger, however, of any of these diseases being contracted when a good expectorant cough medicine like Chamberlain's Cough Remedy is used. It cleans out these culture beds that favor the development of the germs of these diseases. That is why this

remedy has proved so universally successful in preventing pneumonia. It not only cures your cold quickly, but minimizes the risk of contracting these dangerous diseases. For sale by P. M. Kirkland.

Ask the man who knows, the man who now has a bearing orchard, or the man that probably has some five or six year old trees that has refused

\$600 or \$700 per acre for his orchard, not the man that sits around and waits for something to happen. 371f

"Olympic Flour"

makes good pastry, too."

—Mother.

The plump, hard grains, selected from the entire Northwestern wheat crop and thoroughly cleaned and scoured—just fill the bill for a perfect pastry flour—besides it is the flour for good bread and cakes and biscuits. Olympic Flour—always the same, always clean, pure, wholesome and nutritious—is an aid to rather than a test of a young housewife's ability. If your grocer can't supply you we'll tell you who can—but insist upon Olympic—demand it—"there isn't any just as good."
