HIGHLAND NEWS

It is understood that Milton Simon is quite sick with whooping cough. Mr. Bixby took his wife to Salem Thursday of last week for an operation which was performed at one of the hospitals of that city. Mrs. Bixby lived but two days after the operation, her death occurring on Monday. A. Hamann took his daughter, Bertha, to Salem Sunday to see a specialist. Joe Berry, after an absence of a few weeks, returned to Highland Wednesday.

Quite a number of Highlanders attended the sale at Monmouth last week, among them being Mr. Campbell and family, Messrs. Kirby, Geo. and Clint Agee, Compton, Truitt, Featherstone, Hamann, Ballard and son Russell, and Edd Valliere.

The Highlanders gave another one of their surprise dances Friday night, giving it at the home of J. Kizer in honor of his birthday. A goodly number were present in spite of the inclemency of the weather. A most excellent lunch was served and an en-

joyable time was had by all present. Mrs. Wm. Shafer of Corvallis arrived Thursday of last week to spend a few days with Peter Shafer and family of this place.

The mock trial Saturday night, given under the auspices of the literary society, was enjoyed by a full house, but owing to the time consumed by the trial it grew slightly monotonous to a few of the more restless spirits. A number of the surrounding districts were well represented at the trial, including Independence, Buena Vista, Parkers and Elkins. After the trial a motion was made and carried to adjourn the society until the 5th day of November, 1910.

Mr. Whitaker is doing Mr. Bixby's chores while the latter is in Salem. Mr. Campbell intends starting in soon to set out twenty acres of new orchard for Mr. Ziesch of Parkers.

How Good News Spreads.

"I am 70 years old and travel most of the time," writes B. F. Tolson, of Elizabethtown, Ky. "Everywhere I go I recommend Electric Bitters, because I owe my excellent health and vitality to them. They effect a cure every time." They never fail to tone the stomach, regulate the kidneys and bowels, stimulate the liver, invigorate the nerves and purify the blood. They work wonders for weak, run-down men and women, restoring strength, vigor and health that's a daily joy. Try them. Only 50c. Satisfaction is positively guaranteed by all druggists.

ANTIOCH NEWS

Dave Olin was an Independence visitor Saturday. Mrs. Martha Addison of Newberg is visiting her sister, Mrs. E. Fishback, this week. George Muscott sold his fine team to Thomas Strain of Monmouth. John Walker and Pearl Fishback were Independence visitors Friday. Newt Grooms and wife of Bridge-

COLONIST OREGON

Rates to AND THE GREAT NORTHWEST

The management of the Southern Pacific Co., (Lines in Oregon) takes great pleasure in announcing that the low rates from Eastern cities, which have done so much in past seasons to stimulate travel and settlement in Oregon, will prevail again this spring DAILY from March 1 to April 15, inclusive.

PEOPLE OF OREGON

The railroads have done their part; now it's up to you. The colonist rate is the greatest of all home-builders. Do all you can to let Eastern people know about it, and encourage them to come here, where land is cheap and home-building easy and attractive.

FARES CAN BE PREPAID at home if desired. Any agent of the road named is authorized to receive the required deposit and telegraph ticket to any point in the East.

REMEMBER THE RATES—From Chicago, \$33; from St. Louis \$32; from Omaha and Kansas City, \$25. This reduction is proportionate from all other cities.

Hogs Take Wings.
Hogs broke all former records in the Portland market late last week

when the remarkable price of \$11 a hundred pounds, live weight, was paid by local packers for the best eastern Oregon porkers. This price was not only the highest ever paid here in the memory of packers but leads the whole United States for the last half century at least. For about one week Portland has had the distinction of leading the whole United States in being the highest priced hog market. When hogs went to \$10.10 and \$10.25 last week, it was thought the limit had been reached but the jump to \$11 shows scant supply.
