## Preparing Valuable Maps

The Oregon State Automobile Association and the Portland Automobile Club are doing a great work for good roads. H. R. Glenn, in charge of the "Pathfinder Car" (owned jointly by the State Association and the City Club), in company with Engineer E. Frank, is going to make a tour of all the principal roads in eastern Oregon. These gentlemen will be in The Dalles on Tuesday and will map out

their trip from there with the idea of compiling an accurate road map. Reliable road information in this state is very scarce, and with a good map available tourists' automobiles from all parts of the United States will be almost as plentiful on the country

roads as in the towns and cities today.

This new map will show distance between towns, grades, every turn in the road, and odometer readings.
