ARRIVE SAFELY AT DESTINATION

The following letter from E. C. Davis and family, who recently left here to return to their old home in Kansas, tells of their safe arrival. Friends of the family will be pleased to hear from them:

Mr. Chas. E. Hicks, Independence, Oregon.—Dear Friend—Will you kindly permit me through the columns of your welcome visitor, the Enterprise, to inform you and all of our friends in and around Independence that we arrived safely in St. John, Kansas, on Saturday night, the 16th, about 11 o'clock. As intended we went to Newberg Wednesday evening and stayed until Friday morning when we left for Portland. Arriving there in due time, we proceeded at once to look up our aunt and cousin whom we found over in East Portland about nine or ten miles from where we landed at the Jefferson street depot. We had a good visit there, attended church on Sunday and left there at 1:30 Monday morning. Our aunt, Mrs. C. B. Davis, accompanied us as far as Cottage Grove where she went to visit her daughter. We arrived in 'Frisco' about 11 o'clock Tuesday where we went to meet our brother and family, whom, to our surprise, we found as soon as we landed at the Ferry street depot, so we all went to the hotel and got a square meal together. And to our surprise No. 2; there were four cousins came to the hotel that evening to visit us, and you may know we had a jolly good time. The next morning we all went out to the Cliff House and took a view of the great Pacific ocean. We saw some very fine sights. One of the most interesting ones was the many seals which we saw out on the rocks taking a sun bath. Well, we took the train from 'Frisco' at 8:40 Wednesday night and started for sunny Kansas. We went down through California by the way of Barstow and Needles, and through Arizona and Mexico, and by mistake we got a slow train, which made us twelve hours later than we should have been. However, we arrived safe (for which we were very thankful) and found our children at the depot waiting for us. When some of them saw us through the car window they began to jump up and down, and when we landed you may believe there was some kissing and embracing and patting of cheeks going on. When we came to ourselves and began to think of going some place to spend the night, we looked around and there were three autos ready to take us to our stopping place.

Well we cannot tell yet what we will do here as it will take us some time to get around to see the folks. So will have to write again some time in the future. So with best wishes to all our friends and praying that God's choice blessings may rest on all our brothers and sisters and friends at Independence, we will close. Yours most truly, E. C. Davis and family.

The Tenderfoot Farmer

It was one of these experimental farmers, who put green spectacles on his cow and fed her shavings. His theory was that it didn't matter what the cow ate so long as she was fed. The questions of digestion and nourishment had not entered into his calculations.

It's only a "tenderfoot" farmer that would try such an experiment with a cow. But many a farmer feeds himself regardless of digestion and nutrition. He might almost as well eat shavings for all the good he gets out of his food. The result is that the stomach grows "weak" the action of the organs of digestion and nutrition are impaired and the man suffers the miseries of dyspepsia and the agonies of nervousness.

To strengthen the stomach, restore the activity of the organs of digestion and nutrition and brace up the nerves, use Dr. Pierce's Golden Medical Discovery. It is an unfailing remedy, and has the confidence of physicians as well as the praise of thousands healed by its use.

In the strictest sense "Golden Medical Discovery" is a temperance medicine. It contains neither intoxicants nor narcotics, and is as free from alcohol as from opium, cocaine and other dangerous drugs. All ingredients printed on its outside wrapper.

Don't let a dealer delude you for his own profit. There is no medicine for stomach, liver and blood "just as good" as "Golden Medical Discovery."
