A PLEA FOR GOOD ROADS

In a speech made during the celebration of the surrender of Cornwallis Congressman J. Hampton Moore pleaded strongly for the betterment of roads throughout the country. He said: With good roads and improved waterways in the United States the Revolutionary war could not have lasted eight years. General Washington, he said, had insisted that free and easy commercial intercourse between the Atlantic seaboard and "the amazing territory to the westward of us" was "the best if not the only cement" that could bind the colonial states upon a permanent basis.

Washington and his compatriots, he pointed out, counted upon international trade to assist in building up the colonies and to populate and develop the vast country over which the grasp of England had been released.

"Commerce and labor, capital and industry demand that the waterways of the United States, its harbors and approaches be developed now, even as Washington and his compatriots hoped for their development," he said.

"It is not that the railroad is failing to give the best it can afford. It is not that marvelous benefits, uniting states and sections, oceans, lakes and gulfs, have not ensued since the iron horse began its civilization of the wilderness. It is simply that the population of the country has grown more rapidly in proportion than has the ability of the railroad to comply with the requirements of modern transportation."

State Supports Good Road Cause.

The state of Rhode Island has taken in about \$43,000 so far this year for automobile registrations. The money goes into the fund for repair and maintenance of roads.

Good Highways in Cuba.

General Carlos Garcia-Velez, minister from Cuba to the United States, says that Cuba has 1,300 miles of the most excellent macadam roads constructed of crushed coral.

Attractive Window Display

We note with much interest the way some of our enterprising local dealers are putting forth every effort this spring to make their stores attractive. This week P. M. Kirkland, whose progressive policy has been strongly shown this spring by their large, attractive advertisements in our columns, have a fine window devoted entirely to house paint.

On close inspection one finds not only the usual display of paint cans but long cards showing rows of houses in new and handsome combinations of colors for exterior painting. An attractive window border brightens the appearance of the whole store and draws much attention from the passers-by. It attractively illustrates how easily and well any shabby surface in or about the home can be fixed up.

P. M. Kirkland deserves much credit for this window and we are sure it will prove of much benefit in reminding people of the many things around their homes that can easily be beautified at house-cleaning time.

Facts for Weak Women

Nine-tenths of all the sickness of women is due to some derangement or disease of the organs distinctly feminine. Such sickness can be cured—is cured every day by

Dr. Pierce's Favorite Prescription

It Makes Weak Women Strong, Sick Women Well.

It acts directly on the organs affected and is at the same time a general restorative tonic for the whole system. It cures female complaint right in the privacy of home. It makes unnecessary the disagreeable questioning, examinations and local treatment so universally insisted upon by doctors, and so abhorrent to every modest woman.

We shall not particularize here as to the symptoms of those peculiar affections incident to women, but those wanting full information as to their symptoms and means of positive cure are referred to the People's Common Sense Medical Adviser—1008 pages, newly revised and up-to-date Edition, sent free on receipt of 21 one-cent stamps to cover cost of mailing only; or, in cloth binding for 31 stamps.
