

DIES FOLLOWING LONG ILLNESS

Mrs. Andy J. Tupper, whose funeral occurred in this city last Sunday afternoon, died at the family residence at Dallas last Friday at the age of thirty-four years. The cause of her death was consumption. Her death came a relief from long suffering from the disease.

Mrs. Tupper was born in Fon du Lac, Wisconsin May 7, 1876, and was a daughter of C. G. Griffa of Monmouth, with whom she came to Oregon in the year 1892. Her marriage to Mr. Tupper occurred the following year in July. Besides her husband one daughter survives her.

The funeral services took place at the Odd Fellows cemetery and were conducted by Rev. W. J. Weber, who dwelt upon the admirable character of the woman as observed by her host of friends of Polk county. She was for many years a resident of this city, her husband occupying the office of marshal of this city for a number of years before their removal from Independence.

Opening Day at Chautauqua

The opening day of the Albany Chautauqua Assembly promises a genuine treat in the Fisher Shipp Concert Co., composed of Miss Fisher Shipp, reader and soprano soloist; Mrs. Etta Goode Heacock, contralto soloist; Miss Alice Carey, violinist, and Mr. Lloyd A. Loar, soloist on the mandolin and mando-viola and piano accompanist. This popular company will give entertainments from Friday afternoon, July 8 until Tuesday night, July 12.

Elias Day and Oranne Truitt Day who appear on the chautauqua platform Friday and Saturday nights, July 8 and 9, are star attractions. The following description appears in the Joliet (Illinois) Daily Republican:

"The evening opened with a little play, presented by Miss Truitt and Mr. Day, the latter one of the most famous in this line of work. Miss Truitt has done some clever work as a reader, but she never appeared to such advantage as in this little play. The part suited her to perfection, and was presented with delicacy and spirit; especially was she good in the little pathetic scene where the wife turns on the negligent husband and, by the very force of her pathos, brings him to a true realization of his shortcomings."

HIDDEN DANGERS

Nature Gives Timely Warnings That No Independence Citizen Can Afford to Ignore.

DANGER SIGNAL NO. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out a thin, pale and foamy, or thick, red ill smelling urine, full of sediment and irregular of passage.

DANGER SIGNAL NO. 2 comes from the back. Back pains, dull and heavy or sharp and acute, tell you of sick kidneys and warn you of the approach of dropsy, diabetes and Bright's disease. Doan's Kidney Pills cure sick kidneys and cure them permanently. Here's Independence proof:

P. H. Drexler, Main Street, Independence, Ore., says: "I have used Doan's Kidney Pills and I am glad to say that they have helped me. My back was very weak and I was bothered by irregular passage of the kidney secretions. Being advised to try Doan's Kidney Pills, I did so and by the time I had taken the contents of three boxes my trouble had disappeared. I have not been both-

An Unusual Amount of Painting Done This Spring

"Everything comes to those who hustle while they wait" seems to be the motto adopted by our energetic merchant, P. M. Kirkland, for he has certainly been hustling this spring.

In backing up his excellent advertising in the columns of the Independence Enterprise his handsome window displays have proved most effective. According to a conversation with one of our reporters there has been an unusual amount of painting done in Independence this spring. That's a sign of prosperity we're very glad to see.

This week floor paint is the leader in their window. How an old scratched floor or a marred bare floor can be given a hard, serviceable, easily-kept-clean surface is clearly shown by the sample they display.

Enterprise Makes Correction

In the story of "Noted Breeder Pays Visit" in last week's Enterprise Mr. West desired to say that the bull mentioned at the Rushville, Indiana, sale which he attended, the animal was sold at \$9000 instead of \$900, as was stated in the interview. At the Coopersville, Penn., sale the bull mentioned in his interview sold at \$11,100 instead of \$1100, as stated. The Enterprise acknowledges the error and in justice to Mr. West desires to make this correction.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address F. J. Cheney & Co., Toledo, Ohio.

Sold by druggists, 75c. Take Hall's Family Pills for constipation.

Pear Trees Have Pear Blight.

ROSEBURG.—At a regular meeting of the Umpqua Valley Horticulture Society and Fruit Association held here, Dr. George A. Bradburn, vice-president of the association, offered several specimens of young trees stricken with anthracnose, or pear blight. These trees were planted this year and were evidently sent out in this condition by nursery companies. Out of about 100 trees planted by Dr. Bradburn this year, all will be a total loss on account of the anthracnose.

RESIDENCE BURNS

The residence of Hi Woods, a mile north of Independence, was consumed by fire Monday morning, fire catching from sparks from the chimney at about 9 o'clock. Most of the furnishings of the house were saved but the building was a total loss, having been burned to ashes. Mr. Woods' residence was just outside the city limits and it was impossible for the fire company to render assistance. Many volunteers were on hand from town, however, and these rendered valuable assistance in saving whatever furniture could be removed from the residence before the flames drove

them from their work of rescue. The It is understood from Mr. Woods two buildings at the back of the that there was no insurance on the house were saved by heroic work on residence property. He desires the part of the volunteers. The roof Enterprise to assure the volunteers, of the woodshed was destroyed but who assisted in saving so much of the remainder of the building was his property from the fire, of his obligation for their services.
