NEWS ITEMS OF OTHER CITIES

The Rogue River valley will ship 1000 cars of fruit this year, of which 400 cars will be pears, and 300 cars will be apples. The present crop is pronounced the finest in the history of the valley.

The detailed crop report of the department of agriculture shows the condition of Winter wheat in Oregon, at harvest this year, to have been 88, or 8 per cent above what it was last year. This is a decline, however, of 4 per cent since June 1, last.

L. W. Clapp, stage line operator, has established an automobile service between Klamath Falls and Crater Lake. Mr. Clapp has the contract with the Southern Pacific to handle the through passenger service from San Francisco to Crater Lake.

Jesse Powers escaped from his nurse at the Prineville hospital and ran for 25 miles over sand and stony ground bare footed and in his night clothes before being overtaken by Sheriff Elks in his auto.

The largest influx of settlers ever known into the Northwest, and especially Oregon, is expected this fall. Some time within the next few weeks a conference of the Transcontinental Passenger association will be held in Chicago and arrangements will then be made for the fall colonist rates.

J. S. Trumble, a small dairy farmer of Forest Grove, has received word that he is one of about 20 heirs to a \$400,000,000 estate located in heart of Baltimore. There was a 99 year lease on the property, which has just expired, the property having belonged to Mr. Trumble's great grandfather.

The Willamette Valley Applegrowers' association adjourned at Salem, after selecting directors and naming a committee of three to draft a bill for presentation at the next legislature. The bill will ask for an appropriation to be used under the direction of the experiment station in investigating horticultural troubles, particularly as to fungus growths.

The convention of the National Association of Wool Growers, which will be held in Portland in January, 1911, and which should bring between 15,000 and 25,000 visitors to this city, will do more to advance the sheep growing business in Oregon than anything else that could be brought about, is the opinion of Dan P. Smythe, secretary of the Oregon State Wool Growers' association.

Umatilla county will produce this season between 3,500,000 and 4,000,000 bushels of wheat. Not only will this be done, but the quality will be the best ever sent forth. This alone is a factor of considerable importance. Last year the total wheat output of Umatilla was about 3,500,000 bushels, although some interests were inclined to figure that the production was considerably above this.

It cost the state of Oregon \$522 to bring the Grant county murderers to the penitentiary, one of whom is to be executed, the other four to be incarcerated for life. It is the greatest cost for bringing prisoners to Salem in the history of the state. The prisoners are Joseph H. Caseday, former deputy sheriff of Grant County, sentenced to death; Bert Green, Ben Hinton, Emmet and Earl Shields.

To obtain for Oregon a pure drug law was one of the principal subjects considered at the 21st annual convention of the Oregon State Druggists' association, held July 12 to 15, at the Gearhart Hotel, Seaside. Final report was made at the convention by a committee appointed a year ago to prepare a bill. A campaign will be taken up for bringing the bill before the legislature at its next session. The bill is to be patterned after the United States pure drug law, and will enable the druggists of this state to regulate the purity of their drugs according to the United States pharmacopoeia.

A peculiar coincidence came to light at the executive offices when extradition papers were issued for Jesse Burleson, at the behest of the governor of North Carolina. Burleson is held at the Coos county jail on a charge of murder. An extradition was issued for George Holder, also for the North Carolina governor. Holder was also wanted on a charge of murder. The crimes were committed at different times and in different parts of North Carolina and had no connection with each other. One was committed in the fall of 1907 and the other in 1909.

Dr. Pierce's Favorite Prescription

Is the best of all medicines for the cure of diseases, disorders and weaknesses peculiar to women. It is the only preparation of its kind devised by a regularly graduated physician—an experienced and skilled specialist in the diseases of women.

It is a safe medicine in any condition of the system. **THE ONE REMEDY** which contains no alcohol and no injurious habit-forming drugs and which creates no craving for such stimulants.

THE ONE REMEDY so good that its makers are not afraid to print its every ingredient on each outside bottle-wrapper and attest to the truthfulness of the same under oath.

It is sold by medicine dealers everywhere, and any dealer who hasn't it can get it. Don't take a substitute of unknown composition for this medicine of known composition. No counterfeit is as good as the genuine and the druggist who says something else is "just as good as Dr. Pierce's" is either mistaken or is trying to deceive you for his own selfish benefit. Such a man is not to be trusted. He is trifling with your most priceless possession—your health—may be your life itself. See that you get what you ask for.
