

Roosevelt's African Travels.
Francis Brown has secured the agency from Charles Scribner & sons' splendid book of Roosevelt's African travels and will sell the book to all who desire it here and in the vicinity of Independence. This is a book that needs little recommendations since Charles Scribner & sons had the only authentic right from Mr. Roosevelt to publish his accounts of his travels. It will be remembered that this publishing house paid an enormous sum for the privilege of the ex-president's copyright on his story of his African expedition. Mr. Brown reports that the people are subscribing for the book freely and that many are asking him to call on them that they can procure it as soon as it is published. In such demand is the work that those who sign for it can not hope to secure it before sometime in September.

HIDDEN DANGERS

Nature Gives Timely Warnings That No Independence Citizen Can Afford to Ignore.

DANGER SIGNAL NO. 1 come from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out thin, pale and foamy, or thick, red smelling urine, full of sediment and irregular of passage.

DANGER SIGNAL NO. 2 comes from the back. Back pains, dull and heavy or sharp and acute, tell you of sick kidneys and warn you of the approach of dropsy, diabetes and Bright's disease. Doan's Kidney Pills cure sick kidneys and cure them permanently. Here's Independence proof:

P. H. Drexler, Main Street, Independence, Ore., says: "I have used Doan's Kidney Pills and I am glad to say that they have helped me. My back was very weak and I was bothered by irregular passage of the kidney secretions. Being advised to try Doan's Kidney Pills, I did so and by the time I had taken the contents of three boxes my trouble had disappeared. I have not been bothered since then and consequently have no hesitation in recommending Doan's Kidney Pills to other kidney sufferers."

For sale by all dealers. Price 50 cents. Foster Milburn Co., Buffalo New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Restrictions to Fishermen

An initiative petition is being circulated in this state by residents along the Rogue river, for an act making it unlawful to fish with other than a line and hook in that portion of the river controlled by the Hume Canning company. The canning firm has control of 100 miles up and down the stream and it is feared net fishing will greatly reduce the supply of fish.

Sells his farm.

C. W. Leonard of Monmouth was in Independence Saturday while enroute to Salem to take in the Cherry Fair. Mr. Leonard has just sold his 80 acre farm, which adjoins the city of Monmouth, and is care free. He found it hard to make up his mind to let the old home go away from him, but owing to failing health he found he could not give it the attention it deserves. He reserved ten acres on which he will make his home and which will be developed into a model orchard of apples.
